

# People-Reading

How We Control Others, How They Control Us

DR. ERNST D. BEIER and  
EVANS G. VALENS

Impotence is a  
form of aggression

Emotions are a  
means of controlling others

Violence is a message

History is an excuse

How I react to you tells me  
how you want me to react

Sex is shorthand  
for a style of life

Depression is a  
form of self-indulgence

Developing a problem  
can be a solution

Anger is the  
fastest way to get  
others involved with you

Obesity is a successful way  
to put yourself down

Suicide is a communication

# People Reading How We Control Others How They Control Us

**Martha Davis, Janet Skupien**

## **People Reading How We Control Others How They Control Us:**

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977      *People-reading ; How We Control Others, How They Control Us* Ernst Gunter Beier, 1975      *How do I relate with a "know-it-all"?* Joe Ike, 2012-06-01

One of the most complained about and denigrating social issue that impacts human relationships and friendships is the Know It All behavior in all its manifestations and ramifications Furthermore most people know and remember vividly the feeling of discomfort and tense trepidation that lasts the duration of an encounter with a Know It All The tens of thousands of Know It All related complaints from people of all walks of life gender and culture helps us to comprehend the magnitude of this exasperating and aggravating social problem This book is uniquely a first on many fronts it defines the term Know It All identifies who is a Know It All enumerates in an anecdotic manner the different ways people manifest the Know It All behavior recounts how the Know It All behavior makes us feel details psychologist s recommendations for curtailing and stopping the Know It All behavior and finally empowers victims with 20 practical ways to peacefully and respectfully shut up a Know It All This well researched book has more than 250 references      *The Parable of the Four Stones* Jeff M. Brewer, 2008-07      [The Silent Language of Psychotherapy](#) William Zimmerman, 2017-07-12

Therapeutic changes occur in many places and among animals as well as humans A theory that attempts to explain therapeutic changes should be based on principles that apply not only to those changes occurring during the hour but also to those observed in the educational process in interpersonal relations and in the social milieu as well as with animals It would be desirable to discover principles broad enough to provide a deeper understanding of therapeutic change in this wide variety of situations Experienced therapists appear to be similar in what they are doing although they may disagree as to why they do it In spite of the arguments about theoretical formulations it can be observed that during an hour with a patient many psychotherapists may not follow their own theories too well There probably is some relevance in a comparison of psychotherapy with a concept formation test the subject gives the correct answers but is unable to state why he did so or what principles he followed in making his choices The therapist too may help a patient but he is often uncertain as to why and how It is very likely that the effective principles in therapeutic work rest on processes that are more general than the specific principles advanced by different schools This volume combines the elements of psychodynamic and cognitive behavioral therapy in a theoretical system that focuses on the importance of patient therapist interaction especially in terms of the exchange of subtle or covert communication cues In this significantly updated and expanded edition of their classic text Beier and Young analyze recent developments in new areas of practice facing today s therapist managed care and the clinical impact of the control of healthcare delivery and biological intervention and other issues related to psychotropic medication      *Peoplewatching* Desmond Morris, 2012-11-30

Peoplewatching is the culmination of a career of watching people their behaviour and habits their personalities and their quirks Desmond Morris shows us how people consciously and unconsciously signal their

attitudes desires and innermost feelings with their bodies and actions often more powerfully than with their words *Banish Bad Habits* Matt Van Wilt,2021 Alice Would you tell me please which way I ought to go from here The Cheshire Cat That depends a good deal on where you want to go Can People Really Change David Lucero knows where he wants to go He wants to go to El Paso Texas David is about sixty years old I think For the last three months he has been living on a sidewalk across the street from a Greyhound bus station I don t know how long David has been homeless He is one of America s walking wounded mentally ill unable to take care of himself unable to cope with the business of life He is always happy to talk although you have to repeat yourself a few times before he can understand you David is losing his hearing One day I tried to take him to a shelter for the homeless All he had to do was get in the pickup truck He had to make a decision Get in or stay on the street The right decision could have started the cycle of healing and change but it was more than David was capable of doing that morning He decided to stay on the street waiting for his imaginary ride to El Paso When I meet people like David I tell myself that Lewis Carroll didn t make anything up when he wrote Alice in Wonderland I have met many people who are flesh and blood Cheshire Cats Mad Hatters and Queens of Hearts I come into contact every day with people whose lives and families have been torn apart by bad habits people addicted to cigarettes alcohol and illegal drugs over spenders overeaters and chronic worriers negative thinkers procrastinators and people who won t forgive themselves for something that happened long ago I have seen firsthand how bad habits keep ordinary people from living happier and healthier lives Everywhere you look people want to know why they are unhappy And they want to know what they can do about it The talk shows offer a constant menu of miracle cures for every type of bad habit imaginable everything from quick weight loss programs to 20 minute lessons in positive thinking that promise to cure depression We are constantly bombarded by programs that promise effortless and immediate results Lose weight fast while eating as much as you want Guaranteed to work Sure We are overwhelmed with solutions today And the more solutions there are the harder it is to find one that works Many people have failed so many times that they ve almost given up the battle Others gave up a long time ago **The New York Times Book Review** ,1976 **American Phrenological Journal and Life Illustrated** ,1872 **Message from the President of the United States, Transmitting Papers Relating to the War in South America, & Attempts to Bring about a Peace, Submitted to the Senate, January 26 & 27, 1882, & to the House of Representatives, January 26 & February 17, 1882 ...** United States. President (1881-1885 : Arthur),1882 Body Movement and Nonverbal Communication Martha Davis,Janet Skupien,1982 1410 references to published literature in English Spanish German French Italian Dutch and Portuguese 12 annotators wrote the abstracts and prepared a subject index Alphabetical arrangement by primary authors Each entry gives bibliographical information and abstract Subject and additional author index **The Spirit of Missions** ,1881 Includes the proceedings of the annual meeting of the Society **Debates and Proceedings of the Constitutional Convention of the State of Illinois** Illinois.
