## **Pookie Notebook:**

*City of Grasshoppers* Marc Bonis, 2004-06 Everyone knows the fable about the grasshopper that spent his life carousing and playing his fiddle as the other insects worked hard preparing for the future. Imagine a city of grasshoppers so completely devoted to fun and revelry that over the centuries they developed a mindset so pervasive that the other insects of Circle City adopted this behavior as a lifestyle and heritage. So renowned was Circle City for its celebrations and debauchery that insects from around the world came to experience its care-free existence and indulge in its excesses and pleasures. But along with the music and merrymaking was a rampant undercurrent of corruption that was accepted by the local insects as yet another aspect of life in the city. Political intrigue and liaisons begin to emerge when an upcoming election threatens the existing political establishment. Not only is power and money at risk but the destiny of Circle City as well. Politics makes strange bedfellows and election day is when they rendezvous.

*Nocturnal* Scott Sigler, 2012-04-03 Scott Sigler reinvented the alien invasion story in his bestselling novels *Infected* and *Contagious*, rebooted the biotech thriller in *Ancestor*, now in his most ambitious sweeping novel to date he works his magic on the paranormal thriller taking us inside a terrifying underworld of subterranean predators that only his twisted mind could invent. Homicide detective Bryan Clauser is losing his mind. How else to explain the dreams he keeps having, dreams that mirror with impossible accuracy the gruesome serial murders taking place all over San Francisco. How else to explain the feelings these dreams provoke in him: not disgust, not horror, but excitement. As Bryan and his longtime partner Lawrence Pookie Chang investigate the murders, they learn that things are even stranger than they at first seem. For the victims are all enemies of a seemingly ordinary young boy, a boy who is gripped by the same dreams that haunt Bryan. Meanwhile, a shadowy vigilante seemingly armed with superhuman powers is out there killing the killers. And Bryan and Pookie's superiors from the mayor on down seem strangely eager to keep the detectives from discovering the truth. Doubting his own sanity and stripped of his badge, Bryan begins to suspect that he's stumbled into the crosshairs of a shadow war that has gripped his city for more than a century, a war waged by a race of killers living in San Francisco's unknown underground, ruins emerging at night to feed on those who will not be missed. And as Bryan learns the truth about his own intimate connections to the killings, he discovers that those who matter most to him are in mortal danger and that he may be the only man gifted or cursed with the power to do battle with the nocturnals. Featuring a dazzlingly plotted mystery and a terrifying descent into a nightmarish underworld along with some of the most incredible action scenes ever put to paper and an explosive gut-wrenching conclusion, you won't soon forget *Nocturnal*. It is the most spectacular outing to date from one of the genre's brightest stars.
