M dR1 uses v's horrific past to motivate him and guides him through various tasks starting with shutting down the internet services of the entire city. A series of mayhem, manipulation and mystery ensues as v begins hallucinating various events and people from his former life before he became a reclusive hacker. He is thrown into a barrage of uncertainty and confusion as his perception of reality begins to shift out of focus. Meanwhile M dR1 and v prepare for a major cyber attack that will rock the foundation of the country's technological unit with the help of v's friends m and K LL3R. Will they accomplish their goals?
