Illustrated Guide to Home Forensic Science Experiments Robert Bruce Thompson, Barbara Fritchman

Thompson, 2012-08-08 Have you ever wondered whether the forensic science you've seen on TV is anything like the real thing? There's no better way to find out than to roll up your sleeves and do it yourself. This full color book offers advice for setting up an inexpensive home lab and includes more than 50 hands-on lab sessions that deal with forensic science experiments in biology, chemistry, and physics. You'll learn the practical skills and fundamental knowledge needed to pursue forensics as a lifelong hobby or even a career. The forensic science procedures in this book are not merely educational; they're the real deal. Each chapter includes one or more lab sessions devoted to a particular topic. You'll find a complete list of equipment and chemicals you need for each session. Analyze soil, hair, and fibers. Match glass and plastic specimens. Develop latent fingerprints and reveal blood traces. Conduct drug and toxicology tests. Analyze gunshot and explosives residues. Detect forgeries and fakes. Analyze impressions such as tool marks and footprints. Match pollen and diatom samples. Extract, isolate, and visualize DNA samples. Through their company, The Home Scientist LLC, thehomescientist.com, the authors also offer inexpensive custom kits that provide specialized equipment and supplies you'll need to complete the experiments. Add a microscope and some common household items, and you're good to go.

Travis Moody, 2016-05-13 There is no question that life is definitely more fun when we win. Unfortunately, many of us are just drifting through life while often facing defeat at every turn. We long to improve our relationships, our health, and our finances, but for many of us, it seems as though we are just getting by in life. The good news is that God does not want us just to survive; so that we can enjoy eternity, God wants for us the same thing that we all want for ourselves: to win in life. He wants for us to win in our relationships, in our health, and in our finances. This book will help you do just that. Winning begins with a brief self-assessment that encourages honest reflection on the kinds of behaviors that trigger freedom, peace, and inner strength. Travis Moody, a former college athlete and corporate executive turned life coach and stewardship consultant, relies on his personal experiences—both good and bad—to provide practical and spiritual advice intended to help you move from merely surviving to living a life of success and ultimately a life fulfilling your own unique purpose. In this step-by-step guide, you will learn how to win in every area of your life.
