Parental reading with young children is clearly vitally important, and libraries are uniquely placed to support the development of literacy skills in pre-school children. This book provides an understanding of how children develop such skills through enjoyable and meaningful learning experiences and is a pioneering practical guide for library and information professionals involved in planning and delivering services in early years libraries. Key areas covered include: taking them to the library; the role of the early years professional; people and partnerships working across interdisciplinary boundaries; and how to involve parents and carers; buildings design and space; the children's libraries of the future; resources for early years libraries; books, toys, and other delights; reaching your audience; the librarian's role; planning and organizing projects and reading sessions.
