## LEARNING GENRES FANTASY

The fantasy genre is a type of fiction. Fantasy stories are set in a world that is not real. They are full of magic, dragons, wizards, and other things that do not exist in our world. They can also have a lot of action, adventure, and mystery. Fantasy stories are often written for children, but they can also be written for adults. They are a fun way to escape from reality and imagine a world where anything is possible.
