## Questions For Freud The Secret History Of Psychoanalysis:

**Questions for Freud** Nicholas Rand, Mária Török, 1997 With all the intrigue and twists of a mystery Questions for Freud uncovers the paradoxes that riddle psychoanalysis today and traces them to Freud's vacillation at key points in his work and from there to a traumatic event in Freud's life What role did censored family history play in shaping Freud's psychological inquiries promoting and impeding them by turns With this question in mind Nicholas Rand and Maria Torok develop a new biographical and conceptual approach to psychoanalysis one that outlines Freud's contradictory theories of mental functioning against the backdrop of his permanent lack of insight into crucial and traumatic aspects of his immediate family's life Taking us through previously unpublished documents and Freud's dreams his clinical work and institutional organization the authors show how a shameful event in 1865 that shook Freud and his family can help explain the internal clashes that later beset his work on the origins of neurosis reality trauma fantasy sexual repression the psychoanalytic study of literature and dream interpretation Steeped in the history theory and practice of psychoanalysis this book offers a guide to the wary way of understanding the flaws and contradictions of Freud's thought without losing sight of its significance This book will alter the terms of the current debate about the standing of psychoanalysis and Freud

Derrida and the Legacy of Psychoanalysis Paul Earlie, 2021-02-04 In Derrida and the Legacy of Psychoanalysis Paul Earlie offers a detailed account of the importance of psychoanalysis in Derrida's thought Based on close readings of texts from the whole of his career including less well known and previously unpublished material the title sheds new light on the crucial role of psychoanalysis in shaping Derrida's response to a number of key questions These questions range from the psyche's relationship to technology to the role of fiction and metaphor in scientific discourse and from the relationship between memory and the archive to the status of the political in deconstruction Focusing on Freud but proposing new readings of texts by Lacan Torok and Abraham Laplanche and Pontalis amongst other seminal figures in contemporary French thought Earlie argues that Derrida's writings on psychoanalysis can also provide an important bridge between deconstruction and the recent materialist turn in the humanities Challenging a still prevalent textualist reading of Derrida's work he explores the ongoing contribution of deconstruction and psychoanalysis to pressing issues in critical thought today from the localizing models of the neurosciences and the omnipresence of digital technology to the politics of affect in an age of terror

Psychoanalysis and History, 2007

*On Freud's "The Question of Lay Analysis"* Paulo Cesar Sandler, Gley Pacheco Costa, 2019-02-18 The questions of what psychoanalysis is and does and who can and should practice it remains key within the modern profession Has the invaluable material packed into Freud's *The Question of Lay Analysis* 1926 been underestimated by contemporary psychoanalysis This book explores how the issues raised in this paper can continue to impact contemporary Freudian theory and practice The chapters examine why the arguably litigious nature of the paper might be contributing to its neglect and underestimation The editors of this book put forth a hypothesis is there an underlying still unrecognized but heartrending

factor underlying the century old quarrel between lay analysts and what might be described as medically or psychiatrically trained analysts They then brought together a selection of major contemporary psychoanalytic thinkers from around the world to attempt to bridge the seemingly unbridgeable gap between medical and non medical analysis using The Question of Lay Analysis as a central pivot The work of the key figure in social and historic terms on this issue Theodor Reik is also duly honoured On Freud s The Question of Lay Analysis will be of great interest to all psychoanalysts and psychoanalytic psychotherapists

**Freud's Answer** Martin Wain,1998-10 Now that authority in the form of the king the church and the family had lost its power the new liberal democracies needed new means of control Freud's Memory Rob White,2008-07-24 A wide ranging reading of Freud s work this book focuses on Freud s scientifically discredited ideas about inherited memory in relation both to poststructuralist debates about mourning and to certain uncanny figurative traits in his writing Freud s Memory argues for an enriched understanding of the strangenesses in Freud rather than any denunciation of psychoanalysis as a bogus explanatory method GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE ,2000
