Barbara Korte,Stefanie Lethbridge,2016-11-09 This book is about the manifestations and explorations of the heroic in narrative literature since around 1800 It traces the most important stages of this representation but also includes strands that have been marginalised or silenced in a dominant masculine and higher class framework the studies include explorations of female versions of the heroic and they consider working class and ethnic perspectives The chapters in this volume each focus on a prominent conjuncture of texts histories and approaches to the heroic Taken together they present an overview of the literary heroic in fiction since the late eighteenth century **Handbook of the English Novel, 1830-1900**

Martin Middeke,Monika Pietrzak-Franger,2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical social philosophical political cultural and aesthetic contexts of the English novel between 1830 and 1900 The essays offer a wide scope of aspects such as the Industrial Revolution religion and secularisation

science technology medicine evolution or the increasing mediatization of the lifeworld Part II then leads through the work of more than 25 eminent Victorian novelists Each of these chapters provides both historical and biographical contextualisation overview close reading and analysis They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory     Imperial Pharmakon Sandhya Shetty,2025-09-26 In *Imperial Pharmakon* Sandhya Shetty tells a story of western medicine in colonial India that is multi sided full of surprises and unexpected detours Highlighting side effects and complications she nuances the conventional narrative that medicine in colonial places was consistently oppressive and evenly commanding or unrelievedly prosaic in its articulations Bringing into focus its official and informal entanglement in projects of colonial poesis the book explicates medicine's grand rhetoric sluggish humors and often violent administrative argot on one hand and its seductive address its creation of new desires and proximities and its allyship with endeavors beyond its remit on the other This examination of medicine's reversible moods is anchored in British India a colony that had the longest exposure to imperial rule and administration India offers a unique set of historical materials that permits Shetty's long and wide view of her subject While a transimperial lens articulates colonial and metropolitan medical history making the networked relationality of medicine newly visible and meaningful the book's longue d'ur e approach illumines broad shifts that develop and disclose themselves over time The singularity of the British Indian case also prompts this study's reimagining of geographies actors and issues deemed relevant in established scholarship on colonial medicine and studies of literature and medicine *Imperial Pharmakon* de provincializes the latter and deepens the former by rendering the colonial medical past in a different key Insisting on the analytic salience of literary and post colonial forms of knowing this book also brings a fresh ecological perspective to its reading Moving across individual and collective scales and human nonhuman divides Shetty offers granular readings of historical events and figures simultaneously keeping an eye on perimedical figures the animal unacknowledged connections America and structuring concepts friend enemy that take us beyond colonial medicine proper yet reveal themselves to be elements of its ecological unconscious its thanatopolitical grammar or its primordial capacity for hospitality     In Our Own Image: Fictional Representations of William Shakespeare David Livingstone,2020 This publication looks at fictional portrayals of William Shakespeare with a focus on novels short stories plays occasional poems films television series and even comics In terms of time span the analysis covers the entire twentieth century and ends in the present day The authors included range from well known figures G B Shaw Kipling Joyce to more obscure writers The depictions of Shakespeare are varied to say the least with even interpretations giving credence to the Oxfordian theory and feminist readings involving a Shakespearian sister of sorts The main argument is that readings of Shakespeare almost always inform us more about the particular author writing the specific work than about the historical personage     *Pariah in the Desert* Todd S. Garth,2016-08-29 This is the first book in English on Horacio Quiroga Uruguay 1878 Argentina 1937 a canonical author whose works are read by all advanced students

of Spanish in the US and many other countries The study examines Quiroga s work through the theoretical lens of the heroic a lens elaborated in part by means of Quiroga s own disquisitions on the subject and the complementary phenomenon of the monstrous This lens serves to elucidate many evidently obscure and self contradictory aspects of Quiroga s work and its relation to the context in which he lived That context included the neo colonial social and economic milieu of Argentina s fast changing immigrant charged increasingly materialistic society the growing influence of foreign cultural discourses particularly Hollywood film the conflict between the genders in a society that embraced modernity but resisted changes in gender roles the weight of new scientific discourses especially Darwinian evolution in social and political thought and the impact on pedagogical theory and practice of these multiple changing discourses This study discloses the extraordinary range of Quiroga s work which includes erotic romance science fiction and fantasy psychological occult social satire a great variety of juvenile literature outdoor adventure and most familiar to readers in the United States gothic and naturalist horror The book concludes that Quiroga s consistent imperative of the heroic is essential to reconciling these various evidently incompatible aspects of Quiroga s poetics revealing its theoretical and ethical coherence
