Quest For The Best:

The Goodness of God D. Stephen Long, 2008-01-01 Stephen Long opens his erudite discussion of theology and ethics with the insistence that moral critique must emerge from a particular location rather than from the fluid values of any neutral observer Long sets out to put theology and ethics as well as the church in proper relation to one another Ethics must be based in theology not the other way around Our finite participation in the infinite makes possible participation in a goodness beyond us That goodness comes to us in the flesh of Jesus Christ and the church is indispensable in drawing all people toward God's goodness The church a social ethic in itself gives purpose and order to other social institutions including family government and the market *Lancelot-Grail: The post-Vulgate Quest for the Holy Grail & the post-Vulgate Death of Arthur* Norris J. Lacy, 2010 Parts one and two of Lancelot cover Lancelot's boyhood and his admission to Arthur's court where he falls immediately in love with Guenevere The adventures and quests which follow including his friendship with the tragic Galehaut take us to the point where he becomes a companion of the Round Table Book Jacket *Carl Schmitt and Leo Strauss in the Chinese-Speaking World* Kai Marchal, Carl K. Y. Shaw, 2017-02-22 Carl Schmitt and Leo Strauss in the Chinese Speaking World Reorienting the Political examines the reception of Carl Schmitt and Leo Strauss in China and Taiwan The legacies of both Schmitt the German legal theorist and thinker who joined the Nazi party and Strauss the German Jewish classicist and political philosopher who became famous after his emigration to the United States are highly controversial Since the 1990s however these thinkers have had a powerful resonance for Chinese scholars Today when Chinese intellectuals debate the Chinese state the future role of China in the world the liberal international order and even the meaning of Confucian civilization they often employ Schmittian and Straussian concepts like the political friend enemy state of exception liberal education and natural right The very possibility of a genuine Chinese political theory is often thought to be tied to the legacy of these two thinkers This volume explores this complex phenomenon with a cross cultural and interdisciplinary approach The twelve essays in this volume are written from a range of perspectives by philosophers political theorists historians and legal scholars from China Germany Taiwan and the United States [The Ultimate Code Book](#) Matthew K.
