Monte Carlo or Bust Joseph Buchdahl, 2021-11-12 Almost everyone is familiar with Monte Carlo's association with gambling and its famous Casino. Many may also have come across the Monte Carlo fallacy so called after the Casino's roulette wheel ball fell on black 26th times in a row costing players who believed that the law of averages made such streaks impossible millions of dollars. However the Casino also lends its name to a tool of statistical forecasting the Monte Carlo simulation used to model the probability of uncertain outcomes that cannot be easily predicted from mathematical equations. This book provides a detailed account for how aspiring sports bettors can use a Monte Carlo simulation to improve the quality and hopefully profitability of their betting and in doing so unravels the mystery of probability and variance that lies at the heart of all gambling. *Efficiency Of Racetrack Betting Markets (2008 Edition)* Donald B Hausch, Victor S Y Lo, William T Ziemba, 2008-06-20 A reprint of one of the classic volumes on racetrack efficiency this book is the only one in its field that deals with the racetrack betting market in depth containing all the important historical papers on racetrack efficiency. As evidenced by the collection of articles the understanding of racetrack betting is clearly drawn from and has correspondingly returned something to all the fields of psychology economics finance statistics mathematics and management science.

How to Find a Black Cat in a Coal Cellar Joseph Buchdahl, 2013-01-25 How do we know if we can beat the bookmaker? That's easy just look at our bank balance. But how do we know if we've not just been lucky? More specifically how do we know that someone who says he can do it and who is selling his expertise can keep doing it again and again through talent skill and hard work? This book examines the techniques available to answer that question to identify those qualities and to help the punter find value for money in an industry that appears to be largely built on trust and the influence of chance to uncover the truth about sports tipsters and ultimately how to find the best tipsters the Black Cats. *Sports Finance* Brian P.
