Über die Einführung des neuen Kalenders in Dänemark und Schweden Franz Goldscheider,1898 *The Dark Pattern* Guido Palazzo,Ulrich Hoffrage,2025-06-03 From the creators of the theory of ethical blindness comes an investigation into how corporate scandals happen revealing the common pattern behind them and how your organization can avoid them Too often the stories of corporate scandals are narrated like Hollywood movies in which once celebrated CEOs are unmasked as sociopaths and ultimately convicted for their crimes What we fail to realize however is that most bad things are done by average people with honorable values and without bad intentions In *The Dark Pattern* two experts in business ethics and decision making challenge the conventional view that corporate misconduct happens because of a handful of bad actors Instead the book shows how entire organizations can fall off the moral cliff because good people become ethically blind Drawing on the latest insights from behavioral science the authors identify nine toxic elements that lead to corporate scandals and offer nine actionable lessons for building morally resilient organizations Essential reading for business leaders *The Dark Pattern* offers real world guidance for defending companies against the subtle dynamics of moral erosion *The Culpable Corporate Mind* Elise Bant,2023-04-20 This collection examines critically and with an eye to reform conceptions and conditions of corporate blameworthiness in law It draws on legal moral regulatory and psychological theory as well as historical and comparative perspectives These insights are applied across the spheres of civil criminal and international law The collection also has a deliberate focus on the nuts and bolts of the law the legal equitable and statutory principles and rules that operate to establish corporate states of mind on which responsibility as a matter of daily legal practice commonly depends The collection therefore engages strongly with scholarly debates The book also speaks clearly and cogently to the judges regulators legislators law reform commissioners barristers and practitioners who administer and through their respective roles incrementally influence the development of the law at the coalface of legal practice Cited by the High Court of Australia in the judgment for *Productivity Partners Pty Ltd v Australian Competition and Consumer Commission* 2024 HCA 27 **Employment Law Update, 2016 Edition** Henry H.
