Walking Workout Facebook Deal:

The Walking Solution Lee Scott, Michele Stanten, 2020 The Walking Solution offers techniques and coaching cues to turn a low impact easily accessible activity into a fun and challenging workout for clients of every age and ability **How I lost 50,5 kgs in 5 month and 5 days. A history of 1061 days of failures and a path to success.** Piotr Konopka, This book is my story It s about success the road to it there s a bit of theory But mostly it s about practice how in 158 days the title 5 months and five days I changed my life and lost 50 5 kg A hilarious picture of Pawel Jaronski is circulating the web a doctor diagnosing a patient saying You are fat Please don t be fat The patient thanks him and the consultation is over Much weight loss advice looks similar Seemingly simple advice that only looks good on paper Or in a world of superheroes endowed with superpowers This is not a book for superheroes Nor is it a book written by a superhero It is a story about how to win despite stumbles and failures How to learn lessons How to pick yourself up after successive falls You will only find advice that works in everyday life You will get practical advice tailored to the busy lifestyles of today s world Based on factual foundations and the knowledge of experts in many fields but is complemented by the true story of a man who has faced himself Or that s what superheroism is This book is a record of my story I won t describe my life but I will discuss almost four years It will be about success but also the road to it The first part concerns the period from 23 August 2019 to 18 July 2022 That is 1 061 days which can be seen as a period of failure Or to paraphrase Thomas Edison it was a period in which I discovered 1061 ways to lose weight that didn t work The second part was the 158 days actually the eponymous five months and five days during which using the experiences I had gathered I changed my life and lost 50 5 kg To lose weight I had to suffer from depression and stage III obesity Sometimes people with depression say they woke up driving a car in a head on collision Me I feel like I woke up in the vicinity of a coffin with a box of pizza in my hand The fact that I have lost and continue to lose weight is the result of the sum of my experiences not a magical transformation This is only a book for some I am not a doctor although doctors do appear in it This is not a book to diagnose endocrine disorders or other illnesses see a doctor about those I will not help you all But if at least a few people benefit from my story I will still be happy The fact that I have a circle of people supporting me is lucky Some people are not so fortunate But it s worthwhile then to seek help from professionals psychotherapists psychologists who can help in such a situation But if my experiences are to help at least one person it is worth sharing such knowledge That is why this book was written **Snap out of It** Ellen Teitelman Wohl, 2022-06-21 In **Snap Out of It** An Unexpected Caregivers Way to Self Care Stability and Survival author Ellen Teitelman Wohl shares her honest emotional sometimes funny memoir of the continuing struggle to keep life whole while her husband Jack s health falls apart over and over again bipolar disorder coronary artery disease lung cancer diabetes and normal pressure hydrocephalus among other medical conditions While Jack has a remarkable team of doctors treating him Ellen only has herself to rely on As the unexpected caregiver she deals with anxiety frustration and exhaustion day after day She thinks something is wrong with

her but she eventually learns that caregiver burnout is real Her inner strength and resilience emerge through the personal discovery of snap out of it relief routines self care concepts and ideas The snaps interspersed throughout the narrative share light hearted stories personal experiences and techniques that form the basis of her mental getaways that include cooking gardening reading exercising laughing and more Ellen finally discovers support groups and guidance which she shares in this memoir Her curated resource guide leads you to websites apps and support groups dedicated to caregivers *From Fatigued to Fantastic!* Jacob Teitelbaum M.D.,2020-09-01 Now in a newly revised edition for 2020 Dr Teitelbaum has updated his pioneering and groundbreaking book *From Fatigued to Fantastic* and this classical volume is a must read for anyone suffering from chronic fatigue syndrome or fibromyalgia and for their loved ones and friends as well Neil Nathan M D author of *Toxic Heal Your Body from Mold Toxicity Lyme Disease Multiple Chemical Sensitivities and Chronic Environmental Illness* The original bestselling guide to treating chronic fatigue and fibromyalgia now completely revised and updated 25 million Americans suffer needlessly from fatigue pain chronic fatigue syndrome CFS and fibromyalgia FMS The good news is we don't have to This long awaited updated edition of *From Fatigued to Fantastic* includes the most up to date information as well as state of the art protocols and treatment plans that you can implement on your own or with the help of your physician The answers are in your hands with clearly organized easy to read information from one of the world's premier researchers in the field of CFS and FMS Finally the most current and reliable source for those suffering from chronic fatigue and pain is here and ready to make your life better Are you ready to feel fantastic **From Fatigued to Fantastic!
