Stark-Blumenthal,2024-10-15 Nationalism's global resurgence has upended societies With the rise of the Polish nationalist Law and Justice PiS party and American Jewry's swift reaction to its law punishing people who allege Polish complicity in Holocaust crimes both sides have revived old stereotypes Stark Blumenthal argues that American Jews' disgust with Polish nationalism ought to be checked by America's centuries old embrace of white supremacy Poles and Jews A Call for Myth Reconstruction confronts both the anti Polonism deeply embedded in the American Jewish community and Poland's enduring relationship with antisemitism Armed with two decades of research and in depth interviews with scholars community leaders and laity in Poland and the U S Stark Blumenthal dispels myths and considers new approaches to this relationship

Focusing on Jews in the Polish Borderlands Antony Polonsky,2001 The Polish-Lithuanian Commonwealth created in 1569 covered a wide spectrum of faiths and languages The nobility who were the main focus of Polishness were predominantly Catholic particularly from the later seventeenth century the peasantry included Catholics Protestants and members of the Orthodox faith while nearly half the urban population and some 10 per cent of the total population was Jewish The partition of Poland at the end of the eighteenth century and the subsequent struggle to regain Polish independence raised the question of what the boundaries of a future state should be and who qualified as a Pole The partitioning powers for their part were determined to hold on to the areas they had annexed Prussia tried to strengthen the German element in Poland the Habsburgs encouraged the development of a Ukrainian consciousness in Austrian Galicia to act as a counterweight to the dominant Polish nobility and Russia while allowing the Kingdom of Poland to enjoy substantial autonomy treated the remaining areas it had annexed as part of the tsarist monarchy When Poland became independent after the First World War more than a third of its population were thus Ukrainians Belarusians Germans Jews and Lithuanians many of whom had been influenced by nationalist movements The core articles in the volume focus especially on the triangular relationship between Poles Jews and Germans in western Poland and between the different national groups in what are today Lithuania Belarus and Ukraine In addition the New Views section investigates aspects of Jewish life in pre

The Daughter Who Sold Her Mother Irena Powell, 2016-03-18 This is the story of my mothers life woven from fragments of her memories as she told them to me over the years Hers was a life caught in the turbulent currents of the twentieth century in which Communism Zionism Fascism and anti Semitism all played their part It was a life scarred deeply by the Second World War This book stems from a desire to reassure her that her experiences as a young Jewish mother fighting to save the life of her new born infant myself in Nazi occupied Poland will not be forgotten Mothers story told and filtered through her daughters eyes inevitably becomes the daughters story as well particularly in the final post war section of the book when the daughter is no longer just a listener but a participant in the events described here For her the writing of this book opened a way to explore the complex legacy of the second generation of being born to parents who were Holocaust survivors

The Journal of Jewish Studies , 2005

Class War or Race War Tamás Kende, 2023-12-01 Class War or Race War is more than an anti thesis of the master narrative regarding the Soviet state antisemitism Kende not only refutes the originally anti Communist myth of the systemic nature of state socialism but tries to re and deconstruct the origins of this myth With intensive use of historical documents memoirs and the related historiography the book attempts to make historical sense from the myth it intends to refute Kende goes beyond the contemporary perceptions of the Jewish question and antisemitism and with close reading of original documents reconstructs the real frontlines of the Soviet society of the 1940s which were not constructed along identity political lines The book reinvests the long forgotten understanding of social classes in an allegedly classless and monolithic society The spontaneous formations of the actual frontlines in the hinterland or on the actual fronts battlefields in the Red Army lacked the participants class consciousness thus its occurrences in the form of conflict producing historical records were recorded as acts of antisemitism As the book advocates Jews could have been found on both sides of the inner frontlines of Soviet society during and right after WWII An insightful read for scholars of Soviet history that presents a bold and challenging interpretation of the regime and its flaws both perceived and real

Głuchowski, Antony Polonsky, 2009 In the mid 1960s Gomulka s government adopted an antisemitic stance in consequence of which nearly 15 000 Jews left the country effectively ending Jewish life in the country for over a decade These events long ignored by scholars are now increasingly seen as an important step in the process that led to the collapse of communism This volume illuminates the events that triggered the crisis the crisis itself and its consequences
