**Raymond W. Gibbs, Herbert L. Colston**

## **Point Of Words Childrens Understanding Of Metaphor And Irony:**

The Point of Words Ellen Winner, 1997 Psychologist Ellen Winner studies the creative nonliteral discourse of children's spontaneous speech examining how their abilities to use and interpret figurative language change as they grow older and what such language shows us about the changing features of children's minds **Irony in Language and Thought**

Raymond W. Gibbs, Herbert L. Colston, 2007 Irony in Language and Thought assembles an interdisciplinary collection of seminal empirical and theoretical papers on irony in language and thought into one comprehensive book. A much needed resource in the area of figurative language, this volume centers on a theme from cognitive science that irony is a fundamental way of thinking about the human experience. The editors lend perspective in the form of opening and closing chapters which enable readers to see how such works have furthered the field as well as to inspire present and future scholars. Featured articles focus on the following topics: theories of irony, addressing primarily comprehension of its verbal form, context in irony, comprehension, social functions of irony, the development of irony, understanding situational irony. Scholars and students in psychology, linguistics, philosophy, literature, anthropology, artificial intelligence, art, and communications will consider this book an excellent resource. It serves as an ideal supplement in courses that present major ideas in language and thought.

**Ironie in der Alltagssprache** Martin Hartung, 2013-07-02 Ironie ist ein ausgesprochen schillernder und illustrierender Begriff. Selbst wenn hier nur die größten Denker angeführt werden, die sich in den letzten zweitausend Jahren mit ihm beschäftigt haben, ein eigenes Buch wäre das Resultat, in dem sich die Geistesgeschichte des Abendlandes widerspiegeln würde. Solche berühmten Namen aber wecken falsche Erwartungen. Denn hier soll es nicht um Philosophen, Dichter oder Redner gehen, sondern um den Alltag. Gerade die hohen Vorstellungen von Ironie haben lange Zeit die Tatsache verdeckt, dass es die großen Meister der Ironie nicht nur in den Büchern gibt, sondern auch und vielleicht vor allem im Leben. Und am Anfang stand auch kein Buch, sondern das Gespräch. Sokrates hat nie eine Zeile geschrieben. Die vorliegende Untersuchung soll also Ironie an ihrem Ursprung aufsuchen. Und das heißt im ganz alltäglichen Gespräch im Freundeskreis. Und obwohl Ironie aufgrund ihrer Faszination und Mystifikation viel behandelt und erörtert wurde, mühsamst einmal geklärt werden, was dort überhaupt unter Ironie verstanden wird. Erst dann lässt sich fragen, warum man sie unter bestimmten Umständen verwendet und ob sich dasselbe nicht auch anders sagen ließe. Um die Antwort gleich vorwegzunehmen: Es lässt sich natürlich nicht anders sagen. Ironie bietet eine Lösung für eine ganze Reihe kommunikativer Aufgaben, eine Strategie für viele soziale Situationen, die sonst nur wesentlich umständlicher und konfliktträchtiger zu bewältigen wären. Und vor allem ohne das große Vergnügen und das ästhetische Wohlgefallen, das sie bereitet. Letztlich darin liegt wohl der Grund für die Wertschätzung, der sie sich erfreut.

**Irony in Language Use and Communication** Angeliki Athanasiadou, Herbert L. Colston, 2017-12-15 The volume provides original research and analyses of the multifaceted conceptual and verbal processes of irony. Key topics explored include interdisciplinary perspectives and approaches to the study of irony. Collectively, the papers examine irony from

psychology embodiment studies philosophy cognitive linguistics the connection and impact of irony on culture and media communication different approaches to verbal irony and others ultimately attempting to model the mechanisms underlying ironic forms and the psycholinguistic motivations for their investigation The comprehensive treatment of these issues is fundamental for future research on irony and related phenomena particularly on questions of its usage the diversity and or unity of irony and ultimately the interrelationships between figurative thought and language

**Developmental Perspectives on Metaphor** Ellen Winner, 2017-09-05 Research on the development of metaphor abilities in children can be dated back as far as 1960 with Asch and Nerlove's pioneering study which concluded that children were unable to understand metaphors until middle or even late childhood However the study of metaphor in children did not take off until the 1970s research continued to show metaphor as a relatively late developing skill based on children's inability to paraphrase correctly metaphoric sentences presented out of any situational or narrative context In the past decade research into the development of figurative language has broadened considerably in scope Efforts have been underway to demonstrate the cognitive underpinnings of the ability to make sense of figurative language and to demonstrate the role of metaphor and its cousin analogy in the development of cognition Metaphor is now considered to be a central aspect of language and thought and thus a crucial variable in cognitive development The articles in this issue support the claim that no longer can any theory of language acquisition afford to ignore how children are able to recognize the distinction between what is said and what is meant and how they are able to grasp what is meant when people say things they do not mean

**Children in Culture, Revisited** K. Lesnik-Oberstein, 2011-06-13 Children in Culture Revisited follows on from the first volume Children in Culture and is composed of a range of chapters newly written for this collection which offer further fully inter and multidisciplinary considerations of childhood as a culturally and historically constructed identity rather than a constant psycho biological entity

**The Routledge Handbook of Language and Humor** Salvatore Attardo, 2017-02-17 The Routledge Handbook of Language and Humor presents the first ever comprehensive in depth treatment of all the sub fields of the linguistics of humor broadly conceived as the intersection of the study of language and humor The reader will find a thorough historical terminological and theoretical introduction to the field as well as detailed treatments of the various approaches to language and humor Deliberately comprehensive and wide ranging the handbook includes chapter long treatments on the traditional topics covered by language and humor e.g. teasing laughter irony psycholinguistics discourse analysis the major linguistic theories of humor translation but also cutting edge treatments of internet humor cognitive linguistics relevance theoretic and corpus assisted models of language and humor Some chapters such as the variationist sociolinguistics stylistics and politeness are the first ever syntheses of that particular subfield Clusters of related chapters such as conversation analysis discourse analysis and corpus assisted analysis allow multiple perspectives on complex trans disciplinary phenomena This handbook is an indispensable reference work for all researchers interested in the interplay of language and humor within linguistics

broadly conceived but also in neighboring disciplines such as literary studies psychology sociology anthropology etc The authors are among the most distinguished scholars in their fields

**Encyclopedia of Language Development** Patricia J. Brooks,Vera Kempe,2014-03-28 The progression from newborn to sophisticated language user in just a few short years is often described as wonderful and miraculous What are the biological cognitive and social underpinnings of this miracle What major language development milestones occur in infancy What methodologies do researchers employ in studying this progression Why do some become adept at multiple languages while others face a lifelong struggle with just one What accounts for declines in language proficiency and how might such declines be moderated Despite an abundance of textbooks specialized monographs and a couple of academic handbooks there has been no encyclopedic reference work in this area until now The Encyclopedia of Language Development covers the breadth of theory and research on language development from birth through adulthood as well as their practical application Features This affordable A to Z reference includes 200 articles that address such topic areas as theories and research tradition biological perspectives cognitive perspectives family peer and social influences bilingualism special populations and disorders and more All articles signed and authored by key figures in the field conclude with cross reference links and suggestions for further reading Appendices include a Resource Guide with annotated lists of classic books and articles journals associations and web sites a Glossary of specialized terms and a Chronology offering an overview and history of the field A thematic Reader s Guide groups related articles by broad topic areas as one handy search feature on the e Reference platform which includes a comprehensive index of search terms Available in both print and electronic formats Encyclopedia of Language Development is a must have reference for researchers and is ideal for library reference or circulating collections

**Figurative Language Comprehension** Herbert L. Colston,Albert N. Katz,2004-12-13 Figurative language such as verbal irony metaphor hyperbole idioms and other forms is an increasingly important subfield within the empirical study of language comprehension and use Figurative Language Comprehension Social and Cultural Influences is an edited scholarly book that ties together recent research concerning the social and cultural influences on figurative language cognition These influences include gender cultural differences economic status and inter group effects among others The effects these influences have on people s use comprehension and even processing of figurative language comprise the main theme of this volume No other book offers such a look at the social and cultural influences on a whole family of figurative forms at several levels of cognition This volume is of great interest to scholars and professionals in the disciplines of social and cognitive psychology psycholinguistics and second language acquisition as well as cognitive and other fields of linguistics where scholars have interests in pragmatics metaphor symbol discourse and narrative Some knowledge of the empirical and experimental methods used in language research as well as some familiarity with theories underlying the use comprehension and processing of figurative language would be helpful to readers of this book

Encyclopedia of Language and Linguistics ,2005-11-24 The first edition of ELL 1993 Ron Asher

The most authoritative up to date comprehensive and international reference source in its field.

**Kinderliteratur, Kanonbildung und literarische Wertung** Bettina Kümmerling-Meibauer, 2003-09-11 Welchen Stellenwert nehmen Kinderbücher in der Literaturgeschichte ein? Was liefern Schullesebücher? Was ist auf Leselisten verzeichnet? Die Aufnahme in den Lesekanon wird immer wieder kontrovers diskutiert. Warum gehört die Kinder- und Jugendliteratur nicht dazu? Dieser Frage wird in der kulturgeschichtlich orientierten Studie nachgegangen, in der die Wissenschaftsgeschichte der Kinderliteraturforschung in Deutschland von 1780 bis heute untersucht wird. *Theoria Et Historia Scientiarum*, 2002. *Understanding Metaphor in Literature* Gerard Steen, 1994. It is the aim of this study to present aspects of an empirical theory of metaphor in literary reception and to show how evidence can be collected from readers' processing of metaphor in literary texts in order to evaluate how that processing relates to the function of metaphor in literature. *Zeitschrift für germanistische Linguistik*, 1998. *Sprache und Literatur in Wissenschaft und Unterricht*, 1992. **Irony and the Poetry of the First World War** Susanne Christine Puissant, 2009-03-19 How does irony affect the evaluation and perception of the First World War both then and now? This text traces one of the major features of war poetry from the author's application as a means of disguise, criticism or psychological therapy to its perception and interpretation by the reader. *Perspectives on children's literature in English* Christiane Bimberg, 2000. *Human*

*Development* Grace J. Craig, 1992 Saddle up for the fourth exciting PONY CLUB RIVALS adventure Will Georgie fulfil her riding dreams at the All stars Academy It s a new term at Blainford All Stars academy in Lexington USA and Georgie is eager to take on her rivals once more Having surprised everyone on the polo field Georgie s ambitions are sky high and she s keen to take her riding to the next level Meanwhile Kennedy Kirkwood has plans of her own which might not turn out so well for Georgie find out about all the gossip drama and competitive challenges that lie ahead for our riding star in the next PONY CLUB RIVALS adventure      *Minding Metaphors* Niklas Pramling, 2006      **Semiotica** , 1989
