Points Of Light:

The Points of Light Movement, 1993 **The President's Advisory Committee on the Points of Light Initiative Foundation** United States. President's Advisory Committee on the Points of Light Initiative Foundation, 1989 Empty Space and Points of Light Marie Herholdt Jørgensen, The book presents a study of key issues in Winerson's oeuvre. The selected works include *Oranges are not the Only Fruit*, *art Lies*, *The PowerBook* and *Written on the Body*, works that are all concerned with the self in relation to the concepts of time, love, gender, and the body. Drawing on Jungian ideas of quest and individual and Queer theory, Marie Herholdt Jørgensen shows how these concepts in the works of Winterson are grounded in the prospect of numerous potential realities in which several narrations of the self are made possible. Winterson disrupts the notion of one objective reality and instead centers on the individual as the narrator of various versions of reality and the self. The book contains summaries of all of Winterson's novels, making the book accessible for readers previously unfamiliar with Jeanette Winterson.

The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as "Nice guys finish last" and "Play it again, Sam," but more surprising ones such as "Ain't I a woman" and "Golf is a good walk spoiled," as well as the origins of popular sayings such as "The opera ain't over till the fat lady sings," "No one washes a rented car," and "Make my day." Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing but also a great read.

Democracy, Civic Engagement, and Citizenship in Higher Education William V. Flores, Katrina S. Rogers, 2019-05-24 In the most recent Democracy Index, the Economic Intelligence Unit downgraded the United States from a full democracy to a flawed democracy. Democracy, Civic Engagement

and Citizenship in Higher Education takes a hard look at the state of American democracy today through the lens of one of the nation's most important actors colleges and universities Democracy is more than voting it includes a wide range of democratic practices and depends on a culture of civic participation Critical for strengthening democracy is the role that higher education leaders play in educating their constituencies about their responsibilities of citizenship During a period of time when higher education is under pressure to meet 21st century workforce needs the authors here exhort to remember the public mission of education to serve the needs of the democracy a government by the people means that the people must be ready to govern It is in this spirit that these stories are offered to show how institutions across the country are reclaiming and reinvigorating one of the essential pillars upon which American democracy is based
