Polands Protracted Transition Institutional Change And Economic Growth 1970 1994:

Poland's Protracted Transition Kazimierz Z. Poznanski, 1997-02-13 In this book Kazimierz Poznanski offers an integrated study of institutional change in the Polish economy since 1971 He examines the economic peak of the communist phase the decline of the system and the post communist transition since 1989 He provides a complete reevaluation of conventional views of communist economies and the post communist transition arguing that the political pressures that affected the communist system have continued to have a disastrous impact on recent shock therapy reforms Transformation der Wirtschaftsordnung in Polen und Spanien ,2013-04-18 Der Autor analysiert den Entwicklungsprozeß von Polen und Spanien zu modernen Wirtschaftssystemen und berücksichtigt dabei auch strukturelle Entwicklungen im Vorfeld der Transformationen und externe Einflüsse *Poland and European East-West Cooperation in the 1970s* Aleksandra Komornicka, 2023-09-20 This book offers an international reading of the Polish socialist regime's history in the 1970s and its opening up to the West It bridges Poland's socialist domestic history with critical developments of the global and European 1970s including détente in the Cold War western European integration and globalisation In this period of international transformations socialist Poland under Edward Gierek's leadership multiplied its economic and political contacts with capitalist countries especially western Europe and became a leader of East West cooperation among Council for Mutual Economic Assistance and Warsaw Pact members Relying on sources from public and corporate archives in five different European states the book demonstrates both that the global political and economic transformations of that period were critical for the decision making process in Poland and moreover that the national socialist elites participated in shaping these transformations By looking at the goals and expectations of the Polish socialist elites and their practices of political and economic exchanges with western Europe the book explains the logic which drove the socialist regime into entanglement with the West As is shown here this entanglement proved inextricable and critical for the socialist regime's failure and Poland's political and economic future This book will be of much interest to students of European history cold war studies socialism studies and International Relations *Backwardness and Modernization: Poland and Eastern Europe in the 16th-20th Centuries* Jacek Kochanowicz, 2018-01-31 The subject of this book is the economic backwardness of Poland and Eastern Europe in the modern era The studies in the first part analyse various aspects of the region's economic and social history in the period from the 16th to the 20th centuries such as the nature of peasant economics the character of economic evolution and the ambiguity of social and economic relations between Poland and the West The second part deals with the change following the fall of state socialism Papers in this part argue that for understanding the present it is necessary to take into consideration historical legacies It is also important to look at the process of this recent change comparatively both within Eastern Europe and comparing this region with other parts of the world Professor Kochanowicz's contention in these essays is that the so called transformation has had to cope not only with the effects of state socialism but also with a much longer legacy of

backwardness *Politics and Society in Poland* Frances Millard,2002-09-11 An examination of political social and economic development in Poland since the summer of 1989 with the main focus on democratization **Arbeit - Produktion - Protest** Sarah Graber Majchrzak,2020-12-14 Am 14 August 1980 begannen die Arbeiter innen auf der Gda sker Leninwerft einen Besetzungstreik in dessen Folge die erste unabh ngige Gewerkschaft Solidarno gegr ndet wurde Einen Monat sp ter am 17 September 1980 gingen auf der anderen Seite des Eisernen Vorhangs die Arbeiter der AG Weser Werft in Bremen auf die Stra e um gegen den Verlust ihrer Arbeitspl tze zu protestieren Die vorliegende Studie zeigt aus einer Perspektive von unten wie seit den 1970er Jahren Betriebe in zwei unterschiedlichen politisch konomischen Systeme auf technische Ver nderungen und die versch rfte Konkurrenz auf dem Weltmarkt reagierten und verweist darauf dass die Krisen in Ost und West Ende der 1970er Jahre eng miteinander verbunden waren *Vom Reformsozialismus zur Systemtransformation in Ungarn* Andreas Schmidt-Schweizer,2000 Die Arbeit befa t sich mit der Rolle der Ungarischen Sozialistischen Arbeiterpartei MSZMP im politischen Umbruchproze in Ungarn in den Jahren von 1986 bis 1989 Sie untersucht mit den Methoden der Geschichts und Politikwissenschaft den politisch ideologischen Wandel sowie die personell machtpolitischen Ver nderungen in der damaligen Staatspartei und analysiert den Weg vom Reformsozialismus K d rscher Pr gung zum Systemwechsel Gleichzeitig stellt sie die wichtigsten gesellschaftlichen und wirtschaftlichen Entwicklungen in Ungarn die Aktivit ten der ungarischen Opposition gegen die Einparteienherrschaft sowie die internationalen Entwicklungen in Rechnung Hauptthese des Verfassers ist da es sich beim ungarischen Systemwechsel nicht um eine verhandelte Revolution gehandelt hat sondern um eine politische Systemtransformation von innen also aus der herrschenden KP heraus Politik auf den Trümmern der Zweiten Welt Jürgen Hartmann,1998 *Geschichte in Wissenschaft und Unterricht* ,2001 **Europas neue Peripherie** Dorothee Bohle,2002

Environment & Planning ,2002 *Historical Dictionary of Poland* George Sanford,2003 Poland has had an exceptionally turbulent thousand year history marked by extremes of national greatness and decline including patrition and foreign occupation Currently undergoing another dramatic transformation Poland has been building a democratic and market system since the fall of communism The largest and most important nation in Eastern Europe outside the ex Soviet Union is now returning to the European mainstream from which she was for long periods isolated politically and economically although not culturally Although Poland has been widely popularized in journalistic clich s in recent years because of Solidarity the Polish Pope and the like there is still much to be learned about the particular individuals and specific factors which have shaped her

history in the past and which are molding her present development The dictionary strikes a judicious balance in covering past and contemporary figures as well as Poland's richly textured political social and cultural dimensions The Dictionary has more than four hundred entries and a most comprehensive and up to date bibliography It provides a stimulating and knowledgeable introduction for students scholars and librarians as well as a helpful overview guide for tourists and for those involved in teaching business politics journalism and public service
