Policing Futures The Police Law Enforcement And The Twenty First Century:

Policing Futures Pamela Davies, Peter Francis, Victor Jupp, 1997-12-13 This innovative book offers a comprehensive assessment of policing in late modern Britain The overall theme is that as we approach the end of the twentieth century it is an appropriate time to review recent developments in policing and law enforcement and to consider future prospects The areas covered include equal opportunities and public policework perspectives on and politics of police policy making the emergence and consequences of managerialism and privatisation legitimacy policing and human rights crime control and surveillance in Northern Ireland crime rates victimisation and the provision of service risk late modernity and community policing regulating virtual communities and policing cybercrime and the insights to be gained from comparative analysis Thought provoking and incisive *Policing Futures* is an invaluable source of information and will be essential reading for students lecturers researchers and practitioners in the fields of police studies criminology socio legal studies law sociology social policy social work and related disciplines

A History of Police and Masculinities, 1700-2010 David G. Barrie, Susan Broomhall, 2012 Bringing together international scholars this book explores how ideologies about masculinities have shaped police culture policy institutional organization from the 18th century to the present day It provides an in depth study of how gender ideologies have shaped law enforcement civic governance under old new police models

Women in Charge Marisa Silvestri, 2013-05-13 This book is concerned with the gendered world of police leadership at a time when calls are being made for a different kind of police leader to guide the organisation through the twenty first century Drawing on in depth interviews carried out with senior policewomen across a range of police forces in England and Wales *Women in Charge* is the first book to provide a detailed study of women in police leadership The work challenges existing conceptualisations and theorisations of police culture for the study of police leaders demonstrating the various ways in which police cultures are shaped by both rank and gender Women in police leadership face a different kind of gendered environment than their non managerial counterparts one in which a smart macho culture of police management dominates At the same time this book investigates the extent to which senior policewomen are involved in developing new styles and conceptualisations of leadership It argues that women are involved in promoting a different kind of police leadership using more consultative and holistic styles styles not traditionally associated with the police organisation

Access, Property and American Urban Space M. Gordon Brown, 2016-03-02 This book explains why the earliest cities had grid form street systems what conditions led to their being overwhelmingly preferred for 5000 years throughout the world why the Founding Fathers wanted gridform cities and how they affect economic transactions Real property has been instrumental in forming urban settlements for 5000 years but virtually all urban form commentary theory and research has ignored this reality The result is an incomplete and flawed understanding of cities Real property became a means of arranging spatial patterns caused by millennia of human evolutionary and historical developments with respect to access and movement As a result access to resources of all types

became a regulatory mechanism controlled at least in part by real property ownership The effects of real property on urban spatial patterns are currently best seen by examining American urban space which has changed significantly over the past 200 years This change which began in the 1840s and established path dependence through a combination of design thought sentimental pastoralism and financial prowess resulted in an urban regime shift that diminished economic resilience This book offers a rethinking of how real property relates to real space examines the thought of form promoters links space property neurological evolution and settlement form shows access is measurable and describes the plusses and minuses of functionalism rent seeking general purpose technology grid form street systems and what the American Founding Fathers thought about urban form *Crime and Security* Lucia Zedner,2017-07-05 The pursuit of security is now central to the development of public policy and a driving force behind the spread of private policing Just as new theoretical frameworks are needed to deal with the increasing tendency of crime control policies to focus on risk reduction new forms of governance are also required to deal with the rapid growth of the private security industry This volume brings together a wide range of contributions from leading scholars in the field and includes international and comparative perspectives on the challenges posed by the rise of the security society Reader's Guide to British History David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

Security and Privacy Joseph Savirimuthu,2016-12-05 During the last decade in particular the levels of critical engagement with the challenges posed for privacy by the new technologies have been on the rise Many scholars have continued to explore the big themes in a manner which typifies the complex interplay between privacy identity security and surveillance This level of engagement is both welcome and timely particularly in a climate of growing public mistrust of State surveillance activities and business predisposition to monetize information relating to the online activities of users This volume is informed by the range of discussions currently conducted at scholarly and policy levels The essays illustrate the value of viewing privacy concerns not only in terms of the means by which information is communicated but also in terms of the political processes that are inevitably engaged and the institutional regulatory and cultural contexts within which meanings regarding identity and security are constituted *Invisible Crimes* Pamela Davies,Peter Francis,Victor Jupp,2016-07-27 Invisible Crimes is an edited volume containing a collection of articles from a distinguished panel of academics The book explores many features of invisible crimes and in doing so provides numerous examples of hidden crimes and victimisations The book will be invaluable to students of criminology at both undergraduate and postgraduate level It will also inspire academics from a range of disciplines to update rewrite and offer new courses on neglected crimes and
