Fully updated to include the latest coverage of accounting practices and bookkeeping software, this new edition of *Bookkeeping For Dummies* features tons of practical exercises to get you up and running with what you need to keep your books balanced, your finances in order, and the tax inspector off your back. Find updated bookkeeping templates and resources available via download. Manage day-to-day records like sales and purchases. Produce Profit and Loss Statements and Balance Sheets. Prepare year-end documents with confidence and ease. From the importance of keeping a paper trail to the best ways to keep payroll rolling and everything in between, this is the ideal resource for anyone looking to learn the bookkeeping ropes. Cyber Fraud Rick

Howard, 2009-04-23 With millions lost each year, cyber crime has evolved from a minor nuisance to a major concern involving well-organized actors and highly sophisticated organizations. Arguably one of the most important challenges of the 21st century, with millions lost each year, cyber crime has evolved from a minor nuisance to a major concern involving well-organized actors and highly sophisticated organizations. This volume explores the state of threats present in the cyber fraud underground. It discusses phishing, pharming, trojans, toolkits, direct threats, and pump-and-dump scams. By examining the operations of the cyber criminal, the book provides perspective into the general incentives, risks, and behavioral patterns of the fraudsters. Armed with this information, organizations and individuals are better able to develop countermeasures and crafting tactics to disrupt the fraud underground and secure their systems.
