Unwerter Genuss Gerrit Kamphausen, 2015-07-15 Opiumkonsum ist kulturhistorisch Warum dies so ist zeigt Gerrit Kamphausen anhand der Kultur und Kriminalsoziologie des Opiumgebrauchs und einer kritischen Analyse von Drogendiskursen und der Drogenpolitik im 20. Jahrhundert Dabei steht die Wirkung von Unwertideen auf Formen der Drogenkultur und der Lebensführung der Konsumenten im Vordergrund Die Untersuchung zeigt dass sowohl der massenhafte Vertrieb von Drogen als moderne Konsumkultur wie auch das Totalverbot des Genusskonsums nicht geeignet sind zu einem kulturell integrierten und damit möglichst schadfreien Drogengebrauch beizutragen **China auf dem Weg**

in die Moderne aus globaler Perspektive Sabine Dabringhaus, 2005 Pleasures and Pains Barry Milligan, 2003-12 Throughout the nineteenth century while Britons were taking their culture to the East they were also bringing back exotic commodities and ideas inviting the Orient to enter English terrain bodies and consciousness This mixing is both mediated and mirrored by opium an Oriental commodity that enters and alters the English body and mindset thus confusing the direction of Anglo Oriental power dynamics Incorporating elements of literary criticism cultural studies and social history Pleasures and Pains takes a new look at the complicated dynamics of empire as well as the development of still prevalent perceptions of drugs as alien invaders responsible for the decay of national character **Social Poison** Howard Padwa, 2012-03-15 This comparative history examines the divergent paths taken by Britain and France in managing opiate abuse during the late nineteenth and early twentieth centuries Though the governments of both nations viewed rising levels of opiate use as a problem Britain and France took opposite courses of action in addressing the issue The British sanctioned maintenance treatment for addiction while the French authorities did not hesitate to take legal action against addicts and the doctors who prescribed drugs to them Drawing on primary documents Howard Padwa examines the factors that led to these disparate approaches He finds that national policies were influenced by shifts in the composition of drug using populations of the two countries and a marked divergence in British and French conceptions of citizenship Beyond shared concerns about public health and morality Britain and France had different understandings of the threat that opiate abuse posed to their respective communities Padwa traces the evolution of thinking on the matter in both countries explaining why Britain took a less adversarial approach to domestic opiate abuse despite the productivity sapping powers of this social poison and why the relatively libertine French chose to attack opiate abuse In the process Padwa reveals the confluence of changes in medical knowledge culture politics and drug user demographics throughout the period a convergence of forces that at once highlighted the issue and transformed it from one of individual health into a societal concern An insightful look at the development of drug discourses in the nineteenth century and drug policy in the twentieth century Social Poison will appeal to scholars and students in public health and the history of medicine **Die Rückgabe Hong Kongs an die VR China**, 2013-04-17 Eine disziplinübergreifende Analyse der wirtschaftspolitischen Interessen Großbritanniens der USA und der

Volksrepublik China im Zusammenhang mit der Rückgabe der Kronkolonie Hong Kong am 1 Juli 1997 **Journal for the Study of British Cultures** ,1998 Opium and the Limits of Empire David Anthony Bello,2005 This book examines the Chinese opium crisis from the perspective of Qing prohibition efforts The author argues that opium prohibition and not the opium wars was genuinely imperial in scale and is hence much more representative of the actual drug problem faced by Qing administrators **Annual Report on English and American Studies** ,1998 **Alimentary Orientalism** Yin Yuan,2023-06-16 What exactly did tea sugar and opium mean in eighteenth and nineteenth century Britain Alimentary Orientalism examines the contentious debates surrounding these exotic recently popularized and literally consumable things It suggests that the interwoven discourses that these commodities sparked transformed the period's literary Orientalism and created surprisingly self reflexive ways through which British writers encountered and imagined cultural otherness

Dickens's Early Portrayal of a Victorian Opium Den in "Lazarus Lotus Eating" (1866) Sabrina Rutner,2017-07-03 Seminar paper from the year 2016 in the subject English Language and Literature Studies Literature grade 1.3 University of Frankfurt Main language English abstract The magazine article Lazarus Lotus Eating is often mentioned in academic literature as the first published Victorian nineteenth century journalistic article which was indicative of a shift in the portrayal of opium dens The article is especially noteworthy it is still more ambiguous and complex in its attitude towards the Orient than the journalistic articles and fictional opium den portrayals that would follow it Hence in Lazarus Lotus Eating the narrator undergoes a great change as his initial racist and xenophile attitude towards the Oriental foreigners changes drastically in the course of the story to feelings of pity and empathy for the poor pathetic and miserable Oriental opium addicts However there are very few academic texts which provide detailed analysis of Dickens's Lazarus Lotus Eating which is necessary to understand the article in its full extent Academic research has thus not yet fully spotted the article's ambiguous attitude towards the Orient which constantly alternates between fear and fascination The paper seeks to close this gap in research by analyzing how Dickens depicts the ambivalent British attitude towards the Orient in his article Lazarus Lotus Eating through the portrayal of Lazarus the opium den the Oriental opium smokers the opium master Yahee and the English women in the opium den Isis Cumulative Bibliography 1986-1995: Time periods: 19th and 20th centuries. The Fall of the God of Money Keith McMahon, 2002-06-18 In this first truly cross cultural study of opium Keith McMahon considers the perspectives of both smokers and non smokers from China and the Euro West and from both sides of the issue of opium prohibition The author stages a dramatic confrontation between the Chinese opium user and the Euro Westerner who saw in opium the image of an uncanny Asiatic menace The rise of the opium demon meant the fall of the god of money that is Chinese money and the irreversible trend in which Confucianism gave way to Christianity The book explores early Western observations of opium smoking the formation of arguments for and against the legalization of opium the portrayals of opium smoking in Chinese poetry and prose and scenes of opium smoking interactions among male and female smokers and smokers of all social levels in 19th century China Visit our website for sample chapters
