HEALTHCARE's OUT SICK - PREDICTING A CURE - Solutions that WORK !!!! Gary D. Miner,Linda Miner,Darrell L. Dean,2019-01-04 The U S healthcare system is in complete chaos disarray Medical costs have increased significantly over the past 6 years with 70% increase for deductibles and 24% or more for health insurance premiums All the while workers earnings have either not increased or if they did the pay raises were for less than the increase in the cost of medical care The situation is unsustainable and the public wants the system fixed This book offers ways of fixing the problems in healthcare HEALTHCARE s OUT SICK PREDICTING A CURE Solutions that WORK first defines the healthcare in crisis problem Through real patient experiences the book describes the difficulties of getting through the maze of complexity among the plethora of silo providers which make up the industry The heart of the book provides readers with a comprehensive solution that can work a disruption that is necessary to provide Americans the medical care they need without the US public and healthcare providers and payors going into bankruptcy insolvency or closure This book delves into digitized medicine payor and provider reimbursement models and value based healthcare delivery It also includes a philosophy or mode of thinking and operation for the solutions that are needed for diagnosis effective cost effective and time efficient healthcare delivery of which digitized medicine value based care and payor reimbursement modes are just some of the factors The authors propose that the real solution involves having the patient at the center of the issues and changing from an archaic gold standard way of thinking to a Predictive Analytic thinking where one gets at the real truth by doing real science that in the end becomes effective not only for the population but for the individual person This all leads to real person centered and person directed medicine and healthcare delivery *Interfaces and Us* Zachary Kaiser,2023-01-12 We re all familiar with smart TVs making suggestions on our future watching real world exercise data being transferred into stats and infographics on our workout apps and turning up our home heating before we start our commute but how does this world of technological interfaces affect our actions and perceptions of self When society relies on computer models and their interfaces to explain and predict everything from love to geopolitical conflicts our own behaviour and choices are artificially changed Zachary Kaiser explores the harmful social consequences of this idea balanced against speed and ease for the user and how design practice and education can respond positively Concepts of freedom vs convenience Smart objects and manipulation Real world information transformed into data Technology s decisions made on our behalf **The Invisible America** Jerry L. Lane,2025-01-04 Sarah Evans was haunted by the disease that claimed her soldier father and now the symptoms were also rearing their ugly head in her body She went on a spree of research but stumbled upon a hidden village the Sacred Grove This community utilizes a unique blend of traditional remedies and modern medicine to heal veterans suffering from the physical and emotional trauma of war Inspired Sarah teams up with Dr Chen a skeptical but dedicated doctor to integrate the village s holistic approach into mainstream veteran care Their efforts faced initial resistance but the undeniable success stories pave the way for a pilot

program at a nearby military base News of the program s effectiveness spreads like wildfire attracting the attention of weary officials and even one hardened General Parker
