Nutritional tips and secrets from top experts in the fitness industry
Valuable information and secrets for effective and healthy weight loss and a fit and attractive body
Metabolic adjustment and maintenance of weight loss
The crucial role of hormonal optimization
Myths and illusions that have sabotaged your previous weight loss attempts
Implementing modern motivational methods
Remember the goal a fit and healthy body
There s a story behind the FIT ME book
It s hard for me to describe why one person s pain and struggle with obesity had such an impact on me
All I know is that it did and that my own life took a different path as a result
I was on my way home after a busy day standing in the corner store trying to remember what I was meant to buy for the kids
As I called home to ask What did you say I had to buy I heard the beep of someone calling me
I ll call you right back someone s calling me
It was a call from an unknown number
Even though I had had a busy day I still answered the phone
Hello FM Personal Trainer how can I help you
Hi I need help
Please I could hear the sadness and despair in the voice
This was someone who really needed help
He says he has to lose weight and needs to see me immediately
It s late and I try to schedule for another day but he insists and I can hear from his tone that he can t stand much delay
So I agree and start driving to the indicated location
He tells me that he ll wait in front of his house and I won t miss him because he s so large
I call home again I ll be there later a new client has appeared and I hear the displeasure in my wife s voice
When I reach the destination I can see he was right he is large
He s also young probably less than 20
There are only two steps in front of the house and he s struggling to climb them holding the door frame tightly to pull himself in
Let s call him Joe
Joe starts to tell me his story
He lists the multitude of diets he has tried and the failed attempts to exercise
I understand him I was like this once
Finally he tells me resignedly It s genetic there s nothing I can do
I think I have to live with it
Before I can contradict him his mother comes into the room carrying a stack of beautifully washed and ironed shirts which she puts carefully into a bag saying I have prepared your work clothes for tomorrow
Then with a gentle smile she says to me He inherited it from me I have morbid obesity
She gives me the list of problems that she has
She can t even stand for long and spends most of her time sitting in a wheelchair
I am curious about the shirts and ask what work Joe is doing
I pack vegetables but because I sweat a lot I have to change every 2 hours otherwise I get cold
I really can t afford to get sick and stay at home
I have two younger brothers who go to school and there s my mom who is sick
So I have to work
I use five T shirts a day but it s okay I m used to it
I completely forget about the busy day and my fatigue
I start pouring out information that will help him lose weight
I want to I have to help him
I begin to explain one after the other all the mistakes he has made how he lost muscle mass through starvation why he does not lose weight even if he eats very little the role of hormones why diets are not effective the health benefits of losing weight but then I realize this is way too much information all at once
All right here s what we ll do
Tell me what you like to eat and I ll create a nutritional plan for you
From tomorrow you will start to eat as we planned and gradually I will explain to you everything you need to know so that for the rest of your life you ll understand the principles of a fit and healthy body
I see the hope in his eyes and a determination to succeed even if

he doesn't yet understand much about what he should do. He's confident again and I can feel his excitement. Suddenly the sadness returns. The problem is that from next week we move to another city. The company I work for has seasonal vegetable warehouses and the vegetable season here will end this week. I really want to do this but it looks like I'm going to fail again before I start. How many weeks of counselling should I have with you and how much does it cost? I know a personal trainer is quite expensive and I don't know if I try to stop him. This is not about money. He insists and takes cash from his pocket to pay me but I really can't take the money. I literally can't. I feel like I need some fresh air. I say goodbye in a hurry. I get in the car and I actually feel overwhelmed by sadness, compassion but also admiration for his determination to take on responsibilities for his family and to keep looking for a solution for his own health problems. He's got to make it, he's got to do it. I promise myself I'll do everything I can to help him and find a way to advise him even if he's far away. I get home and the kids are all over me wanting to know why I am late. I can't talk about it. So that's how it started. That night I worked to sort out his nutritional plan and to find a solution for the future. From the next day he started eating according to my nutritional plan. And I started writing every night, chapter after chapter, covering absolutely everything that he needed to know to get results. He left the city and at the end of every week I sent him a new chapter. I was working during the day doing workouts and providing nutritional advice as usual but I couldn't wait to get home so I could write some more. After the first month he had lost a good few pounds and his self-confidence had grown enormously. He started posting pictures of himself. His previous profile picture was of a wild horse. After almost three months he had dropped multiple clothing sizes and was increasing the intensity of his exercises. He sent me a message: "Guess what? I have a girlfriend." I knew how much it meant to him and I was so happy. He'd lost some weight, his clothes fitted him but this is what was really important: his self-esteem and self-confidence were growing and he was making a huge difference to his overall health. Meanwhile his willpower and determination to stick to the nutritional plan and the training programme despite being so far from me, his personal trainer, inspired me to write my first book on nutrition and training. I collected all the chapters I had written and linked and improved them even adding demonstration videos with workouts that could easily be done at home. I wouldn't have thought of writing a book before but sometimes when you believe you are inspiring and helping someone else you actually get inspired and help yourself. I sent Joe the first copy of my book and can only thank him for allowing me to meet him and help him. Today I want to share with you everything I wrote over this time. I know that if you are like Joe you can learn everything you need from my book and you can apply it wherever you are. I'd be so happy to add you to my list of distance clients who have had impressive results.
