Tiktok This Month Same Day Delivery:

Empowering Women in the Digital Economy Sheena Lovia Boateng, Richard Boateng, Thomas Anning-Dorson, 2023-08-25

This book presents multidisciplinary perspectives on opportunities and best practices necessary for empowering women in the digital economy in developing countries. The book explores the components of connectivity that matter most to women. It also helps decision makers and policymakers to adopt the policies needed to empower women in using digital platforms and developing and taking up careers in the digital economy in developing economies. In response, we gathered eight contributions or chapters on new directions, strategies, and barriers to women's empowerment through digital technologies. The contributions span thematic areas such as female digital entrepreneurship, social media, and agricultural value chains; women in the gig economy; the digital divide; gender disparities in cryptocurrencies and digital access in agriculture. In principle, the contributions argue that first, appropriate legislation matters, but it is not enough; there is a need to alter social and cultural attitudes and raise awareness. Second, there is a need to address affordability. Government and development agencies may begin by offering free or discounted smart devices to rural women and appropriate digital skills training relevant to their economic activities. Third, there is a need for urgent attention by government labor agencies in developing countries to enforce decent working conditions and protection for female gig workers while maximizing opportunities being offered through these platforms. Don't just leave women to use digital platforms and services; support them with sound policies and programs for responsible and sustainable use. In effect, this book offers clarity on new strategies, case studies, examples, and lessons in addressing or circumventing institutional challenges to women's empowerment through digital technologies.

The Love Contract Steph Vizard, 2023-09-01. Can she pretend to love her neighbour? An award-winning modern rom-com for all fans of fake dating, enemies-to-lovers stories. I didn't know the guy next door. And given he was now my daughter's nanny and my fake boyfriend, I needed to find out. Single mum Zoe had the parenting thing all figured out with little Hazel until a childcare drought derailed her plans to return to work. Enter Will, Zoe's nemesis and frustratingly handsome neighbour. When Will's boss mistakenly assumes Will is Hazel's father and insists he take parental leave, it seems like a simple white lie could get Zoe out of a jam and help Will to make partner at his law firm. But life with an adorable toddler and a growing attraction between Will and Zoe is never as tidy as their agreement's bullet points and dry clauses suggest. As they get deeper into the lie, the lines between truth and fiction blur. But Zoe's hiding a secret, and when it comes out, the consequences for all of them could be devastating. A witty, warm page-turner about love, friendship, and the glorious chaos of new motherhood. We're officially Steph Vizard's biggest fans. Ali Berg and Michelle Kalus. The Book Ninja. Crisp, sweet, and delicate. The Love Contract is pure indulgence. Vizard's writing sucks you in and wrings you out. An ideal cosy weekend read. Genevieve Novak. Crushing. A snappy fun read about juggling your love life with motherhood and how messy it can all get in the best possible way. Saman Shad. The Matchmaker. A delightful heart-warming read that left me with all the feels. Steph
