## **Scriptural Authority And Narrative Interpretation:**

*Scriptural Authority and Narrative Interpretation* Garrett Green, 1987      **Ein Finger, der auf die Gnade Gottes**  
**verweist** Anton Spreitzer, 2020 Hans W Frei 1922 1988 gilt als einer der Begründer der sog postliberal theology bzw Yale School Im kritischen Anschluss an K Barth und H R Niebuhr sucht er Theologie im Sinne einer generous orthodoxy zu konzipieren Methodisch einem anselmischen Denkstil verpflichtet wird Freis Name v a mit seinen Arbeiten zur Bibelhermeneutik und einer narrativen Interpretation der Heiligen Schrift in Verbindung gebracht Dabei greift er auf die traditionelle Form der typologischen Auslegung zurück und zeigt wie sie auch heute theologisch fruchtbar gemacht werden kann      **Scripture, Metaphysics, and Poetry** Revd Dr Robert MacSwain, 2014-01-28 This book offers a critical edition of arguably the greatest work of English theology in the 20th century Austin Farrer's Bampton Lectures published as *The Glass of Vision* in 1948 Farrer was an interdisciplinary genius who made original contributions to philosophy theology and biblical studies as well as to our understanding of the role of imagination in human thought and Christian doctrine According to Farrer the three primary themes of these lectures are scripture metaphysics and poetry individually and in relation to each other The lectures defend his famous theory of divine revelation through images rather than propositions or events a provocative account of the place of metaphysical reasoning in theology and a literary approach to the Biblical text that was decades ahead of its time and is still controversial *The Glass of Vision* has generated a rich and interesting interdisciplinary conversation that has lasted for decades starting with commentators such as Helen Gardner and Frank Kermode In addition to Farrer's full text this critical edition also contains an introduction to the significance and context of Farrer's thought and a selection of thirty years worth of commentary by leading British and European theologians and literary scholars David Brown Ingolf Dalferth Hans Haug Douglas Hedley David Jasper and Gerard Loughlin Of interest to literary and biblical scholars theologians and philosophers this book holds particular value for those exploring the nature of imagination in contemporary thought and scholarship      **Theology Out of Place** Lynne Price, 2002-10-15 As a theological biography of Professor Walter J Hollenweger this book surveys his extensive interests varied methods and wide ranging reflection But Price also incorporates an enquiry into the nature and function of western academic theology relating to to Christian practice today Hollenweger's research into Pentecostalism Ecumenism and Intercultural Theology is here brought together in a synthetic overview Issues such as the unity and diversity of the Bible and its interpretations the particular and universal dimensions of worldwide Christianity and relations between Christians and between Christians and the others are all exploited in order to stimulate fresh thinking on the mission of the churches      **Telling God's Story** Gerard Loughlin, 1999-09-23 This book presents narrative theology as radically orthodox It is orthodox because in the tradition of all those who maintain the priority of the story of Jesus as it is sacramentally performed in the Church and radical because it eschews all modern attempts to found Christian faith on some other story such as that of reason critical history or human consciousness Acknowledging the

indeterminacy of and textuality of human existence Telling God's Story presents the Christian life as as a truly postmodern venture the groundless enactment of God's future now *Dictionary for Theological Interpretation of the Bible* Kevin J. Vanhoozer, Craig G. Bartholomew, Daniel Treier, N.T. Wright, 2005-11-01 For the pastor or serious layperson the realm of biblical interpretation can be a confusing maze of personalities communities methods and theories This maze can often result in obscuring the main goal of interpreting Scripture hearing and knowing God better The Dictionary for Theological Interpretation of the Bible is a groundbreaking reference tool that introduces readers to key names theories and concepts in the field of biblical interpretation It discusses these approaches and evaluates their helpfulness in enabling Christians to hear what God is saying to the church through Scripture The contributors come from a variety of backgrounds and the dictionary covers a broad range of topics with both clarity and depth **Narratologie und biblische Exegese** Sönke Finnern, 2010 English summary In order to interpret biblical narratives exegetes increasingly deploy methods of literary criticism especially from the field of narratology Due to the different approaches and terminologies it is difficult to get a good grasp of current research Sonke Finnern gives a systematic introduction to current interdisciplinary research in narratology and develops a comprehensive and detailed method for the analysis of narratives Setting plot characters perspective and reception of narratives are dealt with consistently from a cognitive point of view The cognitive approach of asking how should the recipient perceive the narrative enables the integration of historical critical questions The categories of description established by the author are discussed using the text of Matthew 28 as an example The author concludes his study with a proposal for a reorganization of methods in exegesis and in textual sciences in general German description Zur Auslegung von biblischen Erzähltexten greift die Exegese zunehmend auf literaturwissenschaftliche Methoden zurück insbesondere auf die Narratologie Aufgrund der verschiedenen Ansätze und Terminologien ist die Forschungslage jedoch nur schwer zu überblicken Sonke Finnern gibt daher eine systematische Einführung in den interdisziplinären Forschungsstand zur Narratologie und entwickelt eine umfassende detaillierte Methode zur Analyse von Erzählungen Umwelt Setting Handlung Figuren Perspektive und Rezeption einer Erzählung behandelt er durchgängig aus der Sicht der kognitiven Wende Der kognitive Ansatz aWie soll der Rezipient die Erzählung wahrnehmen ermöglicht dabei die Einbindung historisch kritischer Methodenschritte Die erarbeiteten Beschreibungskategorien werden am Beispiel von Matthäus 28 diskutiert Die Studie mündet in einen Vorschlag zur Neuordnung der exegetischen und allgemein textwissenschaftlichen Methoden

**Theologische Revue** ,1988 **The Bible and Modern Literary Criticism** Mark Powell, Cecile G. Gray, 1992-02-28 The heart of the bibliography is a comprehensive listing of literary and critical studies of biblical texts followed by a discussion of works that evaluate the reception of modern literary criticism in the world of biblical studies **Erforsche mich, Gott, und erkenne mein Herz!** Hubert Irsigler, Carmen Diller, Martin Mulzer, 2005 **Neue Zeitschrift für systematische Theologie und Religionsphilosophie** ,2001 **Interpreting the Bible** James A. Fischer, 1996 The author

leads readers through the hard task of recognizing what expectations of meaning we impose on biblical books from our modern viewpoints and opens up ways to hear the original message of the Bible with contemporary freshness and power

**The Bible and the Crisis of Meaning** Christopher Spinks, 2007-10-30 The book presents an account of the recent debates on the theological interpretation of scripture which considers whether the meaning of scripture should concern theologians and church leaders at all Theologische Realenzyklopädie ,1996 Evangelisches Kirchenlexikon: Ta-Zy ,1996

**The Shape of Scriptural Authority** David Lyon Bartlett, 1983 Christ, Providence and History Mike Higton, 2004-10-12 Higton draws on unpublished material in the Frei archives to present an original interpretation of Frei's theology He places Frei's well known work on biblical hermeneutics firmly in the context of his theological wrestling with Barth and of the dominant traditions of Western Protestant theology He portrays Frei as a theologian fundamentally concerned with the ability of theology to speak about and to the public world and to regard that world as providentially ordered in Jesus Christ without diminishing its concrete contingency and freedom Frei emerges as not just a powerful historian of theology but also as a persuasive and hitherto largely unrecognized theologian of history **Zeitschrift für katholische Theologie** ,2004 **Journal of the Society of Christian Ethics** ,2008 **Eric Voegelin** Thomas W.

Heilke, 1999 During his distinguished academic career Eric Voegelin was described as the most important philosopher of history and consciousness since Toynbee a political theorist of exceptional scope and erudition a theologian with profound insights into the nature of religious experience Similarly Voegelin has been interpreted by his critics using virtually every ideological label available fascist communist liberal conservative existentialist fideist socialist reactionary Jew Catholic and Protestant Regardless of such efforts to characterize his writings using such neat categories Voegelin has been celebrated by intellectuals of all stripes for the fresh new light he has cast on the modern predicament Widely recognized political theorist Thomas Heilke contends that while some of these appellations may have elements of truth none of these labels are ultimately capable of properly representing the essence of Voegelin's work With startling new insights into the theoretical foundations of Voegelin's writings Heilke's gripping analysis and compelling conclusions demonstrate how his subject was primarily a philosopher in quest of reality and why no ideological category can grasp the core of such an intellectual journey This book will be of interest to political theorists theologians philosophers and intellectual historians
