**Tuskers** Erik Daniel Shein, Melissa Davis, Karen Fuller, 2023-05-16 A compelling journey of seven legendary tusker superheroes and the one in line to be the next king A war has raged for centuries in the African rainforest Once a place of peace ruled by a great tusker king the rainforest now lies in shadows as the ghosts of the Obambo fight for dominance The story is older than time but a glimmer of hope shines on the horizon Change is in the wind and the world is ready for it Dakarai a young African forest elephant has grown up on the stories of his father the great tusker king Ajamu one of the seven great tusker superheroes It is not only his birthright to follow in his father's footsteps but also his greatest desire Hidden and sheltered from the ongoing war Dakarai finds himself unprepared when the time comes to join With their very existence at stake Dakarai must master his abilities and self doubts to face the greatest evil in the jungle If he doesn't prevail all is lost *The Exhibitor*, 1940 Some issues include separately paged sections Better management Physical theatre extra profits Review Servisection

**Through the Mortal Veil** Erik Daniel Shein, Melissa Davis, Karen Fuller, 2019-04-15 From the moment their parents moved them into the ancient relic of a house Indigo Thornberg finds herself in a world beyond her worst imaginations The wallpaper walls and clawfoot bathtub makes it clear the house was built long before the beginning of time Their house isn't even wired for the internet To top it off her room is pink Like bubblegum pink the pale pasty kind that ballerina girls would die for but not Indigo And while that might seem like the worst thing that could happen to a goth girl like herself something even worse is lurking in the shadows The only thing that makes the move bearable is the fact that her twin brother Crow is just as miserable as she is The moment the teens turn sixteen their lives take a bizarre turn as a dormant magic awakes within them They are called to the one place that keeps them safe from the things that go bump in the night the mortal veil As they slip through the veil they find that their destiny awaits on the other side They must find a way to close the veil to keep their world safe from the evil that wishes to destroy it Never one to back down from a challenge Indigo is prepared to take on the trials ahead of her but Hevexa is filled with dangers in all shapes and sizes monsters that

exist outside of her wildest imagination Will they be able to restore the veil before the monsters of Hevexa take over their world Or would they lose themselves to the darkness on the other side      **Call of the Phoenix** Erik Daniel Shein,Melissa Davis,Karen Fuller,2017-12-14 Ever since the beginning people have shared the world with the animals Magical guardians once guided the people to treat all Earth s creatures with reverence The mystical winged serpent Challis lived within the chosen guardians guiding them to promote a peaceful co existence When her spirit transcended from the mystical amulet to the next spirit keeper darkness eroded her purity making her pure magic a new vessel for darkness When the new keeper s reign was broken the damage had already been done The keepers faded into the backdrop of our history praying that one day a new generation of guardians would restore the balance of their world No one could have known centuries would pass that it would take a modern world to retrieve the magic of long ago When fourteen year old Seraphina Miles is sent to live with her estranged archaeologist father she has no idea she would be in for the adventure of a lifetime When she finds a strange amulet hidden in the ruins of Machu Picchu her boring summer is suddenly filled with a magic beyond her dreams The amulet leads her to a golden egg in the middle of a burning fire When the shell breaks the phoenix hatchling nestled inside imprints on Sera Their special connection sends her on a quest to find the missing stones which will give her the power to defeat the winged serpent that hides in the shadows      The Music of Us Uvi Poznansky,2015-10-27      *Recognised and Harmed* Georgios Bouchagiar,2023-11-25 Private face recognition technologies are increasingly entering the private and public sphere with no adequate checks and balances This comprehensive and important new reference work explores crucial regulatory challenges stemming from the use of private face recognition technologies in Europe After detecting technological neutrality in law legal uncertainty in case law and the risk of over surveillance it recommends an ex ante and targeted classification approach with a view to minimising privacy harms Under the proposed scheme an expert agency can scrutinise a given technology balance conflicting stakes classify that technological use and finally give a go no go or go in condition decision before its actual implementation in the real world Recommended for legal and technology researchers and scholars focusing on surveillance and privacy as well as government regulatory and civil rights agencies      *Bayern, Württemberg Und Baden* ,1838      **Changing the Fourth Estate** Adrian Hadland,2005 South African journalism has been fortunate in recent decades to have editors writers and practitioners of the highest order working within its ranks Some such as radio talk show host John Perlman and cartoonist Zapiro are household names Others are less well known but work quietly and effectively behind the scenes bringing years of experience and skill to bear on their art Until the publication of this book few have taken the time to sit down and spell out the dos and don ts of their particular speciality often gained over a lifetime of trial and error The book brought to you by the Human Sciences Research Council is a celebration of excellence Whether the reader is intent on becoming a professional journalist is already working as one or merely wants to know what South Africa s most respected journalists have to say about their work this book will be of interest Covering a wide range of topics in the
