In a second step other car sharing companies in Hamburg, Germany, Seattle, Washington, Kyoto and Tokyo, Japan are analyzed for their approaches to improving their services, combines technological competence, marketing know how and customer analysis. Car sharing has recently become a highly relevant topic with the fast expansion of the American providers and the market entry of Deutsche Bahn AG and Shell AG in Germany. The method respects the large amount of interdependence with other services and also the multiplicity of different customer groups. Thus it can be transferred to other transportation services and used as a beginner's guide to service analysis.
