**Press**, 1929 *Bait and Switch* Anastasja Abraham, Amílcar Antonio Barreto, 2024-05-20 Exclusionary notions of American national identity have been endemic since the country's founding Since the Culture Wars they have returned with vengeance One of their champions is a new generation of tech savvy activists known as the Alt Right This is a movement that embraces a vision of America that is unapologetically white and Christian supremacist misogynistic and xenophobic Rather than see the Alt Right as an outlier the authors of this book treat it as an integral part of an endemic battler over the articulation of American national identity Critically what distinguishes these cyber warriors from other far right movements is their rhetorical style Their far right counterparts employ muscular rhetoric and demand the right to dominate The Alt Right on the other hand has opted for a weapons of the weak strategy and accuses adversaries of persecuting them Embracing a cult of victimhood this shift in rhetorical tactic is not only a matter of gaslighting its goal is to justify potential acts of violence

[Brandweek](#), 2005 [American Builder](#), 1956 [Reaction Formations](#) Joshua Branciforte, Ramsey McGlazer, 2023-07-04 Today an international new right has coalesced Various described as nativist right populist alt right and neofascist far right movements in many countries have achieved electoral victories that not long ago seemed highly improbable They have also developed a new cultural politics Adapting tactics from the left the new right has moved from decorum to transgression from conservative propriety to the frank sexualization of political figures and positions from appealing to the conscious normalcy of the silent majority to recasting itself as a protest movement of and for the aggrieved These movements share a mandate

for robust nationalism yet they also cultivate a striking international solidarity Who is the subject of this ethnonationalism Many new right movements have in fact intensified or laid bare long standing tendencies but this volume seeks to address aspects of their cultural politics that raise new and urgent questions How should we assess the new right s disconcerting appropriations of strategies of minoritarian resistance How can we practice critique in the face of adversaries who claim to practice a critique of their own How do apparently post normative versions of nationalism give rise to heightened forms of militarism incarceration censorship and inequality How should we understand the temporality of ethnonationalism which combines a romance with archaic tradition an ethos of disruption driven by tech futurism frequently tinged with accelerationist pathos and a kitschy nostalgia for a hazily defined recent past when things were greater than they are now Surveying nationalisms from Argentina Brazil France Germany India Israel Palestine the United Kingdom and the United States Reaction Formations gives a critical account of contemporary ethnonationalist cultural politics while drawing out counterstrategies for anti fascist resistance Contributors Tyler Blakeney Chiara Bottici Joshua Branciforte Gisela Catanzaro Melinda Cooper Julian G pffarth Ramsey McGlazer Benjamin Noys Bruno Perreau Rahul Rao Shaul Setter and M Ty
