

Reflections On Organized Crime Patterns And Control

Robert McLean

Reflections On Organized Crime Patterns And Control:

Reflections on Organized Crime Mike Levi, 1991-01-16 This book whose contributors are all major European scholars steps back from the sometimes overblown and over homogenised imagery of organised crime and unpacks its local regional and international variations emphasising the barriers to crime globalisation created by low ambition language contacts and trust Articles on drugs extortion fraud money laundering and their control provide a more sober platform for the understanding of how crimes are organised and might be controlled than is offered in contemporary media and law enforcement debates

Gangs, Drugs and (Dis)Organised Crime Robert McLean, 2019-08-21 Drawing upon unique empirical data based on interviews with high profile ex offenders and experts this book sheds new light on drug markets and gangs in the UK The study shows how traditional methods of tackling gang violence fail to address the intertwined nature of those criminal activities which can overlap with other organised crime spheres McLean sparks new debate on the subject offering solutions and alternatives

Organized Crime Klaus von Lampe, 2015-07-16 2016 Outstanding Publication Award The International Association for the Study of Organized Crime Organized Crime Analyzing Illegal Activities Criminal Structures and Extra legal Governance provides a systematic overview of the processes and structures commonly labeled organized crime drawing on the pertinent empirical and theoretical literature primarily from North America Europe and Australia The main emphasis is placed on a comprehensive classificatory scheme that highlights underlying patterns and dynamics rather than particular historical manifestations of organized crime Esteemed author Klaus von Lampe strategically breaks the book down into three key dimensions 1 illegal activities 2 patterns of interpersonal relations that are directly or indirectly supporting these illegal activities and 3 overarching illegal power structures that regulate and control these illegal activities and also extend their influence into the legal spheres of society Within this framework numerous case studies and topical issues from a variety of countries illustrate meaningful application of the conceptual and theoretical discussion

Organised Crime Alan Wright, 2013-06-17 This text provides a broadly based introduction to the increasingly important subject of organised crime It explores all facets of organised crime and contains case studies illustrating the growth of organised crime at national international and transnational levels

Transnational Organised Crime in International Law

Tom Obokata, 2010-08-17 There is extensive and detailed academic literature on the legal development of international crimes such as war crimes and crime against humanity However not much attention has been paid to other serious crimes including narcotics related offences human trafficking and money laundering which do not necessarily amount to international crimes in the traditional sense The purpose of this monograph is to fill this gap and offer a critical analysis of developments in the field of transnational organised crime under international law The book is divided into two parts Part I is entitled Norms Principles and Concepts It traces the history of organised crime and explores key concepts and norms relating to the practice from a multi disciplinary perspective It then looks at legal obligations imposed upon States as well as

non State actors in relation to transnational organised crime Part II illustrates how these norms principles and obligations are translated and enforced in practice This will be done through case studies at the level of national law Thailand Serbia and the UK regional law European Union and international law United Nations A book of many parts its thematic coherence comes from its devotion to identifying the social threat posed by organised crime and the legal steps taken at the international and national levels against that threat Rich with example and illustration and written in a light direct style it will provide a lucid guide for practitioners policy makers and students to the largely untraversed territory of the international legal system set up to suppress transnational organised crime Professor Neil Bolster University of Canterbury New Zealand the international law governing organized crime is a close relative of the body of law applicable to the International Criminal Court and similar institutions It provides a forum to address issues of more general concern such as the scope of universal jurisdiction immunities statutory limitation and extradition Tom Obokata s study with its original and in some ways unique perspective enriches our knowledge of the field Professor William Schabas Irish Centre for Human Rights The book is well written its documentation is quite exhaustive and its thesis is timely and compelling Professor M Cherif Bassiouni DePaul University College of Law *Organised Crime and Law Enforcement* David Bright, Chad Whelan, 2020-12-30 Organised Crime and Law Enforcement A Network Perspective examines organised crime and law enforcement through the conceptual lens of networks The book takes stock of the many ways in which network theories and concepts including social network analysis can apply to studying both organised crime and law enforcement responses to organised crime It is the first attempt to bring these diverse network perspectives and distinct fields of research together The book is organised into two parts The first part uses network perspectives to advance our understanding of the interconnected social structure of organised criminal groups to expose their strengths and vulnerabilities and to illuminate factors that enable such groups to undertake complex criminal activities The second part uses a network lens to examine the challenges that organised criminal groups present for a wide range of law enforcement agencies and the utility of network theories and concepts in understanding and informing their responses to organised crime Written in a clear and direct style the book will appeal to scholars and practitioners of criminology sociology law enforcement and all those interested in learning more about theories of organised crime and its relationship with law enforcement *Bibliographie Internationale de Science Politique* ,1998 British Humanities Index ,2000 **Reflections on Crime** James A. Inciardi, 1978 **Reflections on Organised Crime** Michael Levi, 1998 **International and Transnational Crime and Justice** Mangai Natarajan, 2019-06-13 Provides a key textbook on the nature of international and transnational crimes and the delivery of justice for crime control and prevention **Crime and Delinquency Abstracts** ,1971 **International Journal of Comparative and Applied Criminal Justice** ,1991 **The Criminal Justice Periodical Index** ,1988 **Criminological Data as a Mirror for Society** Nils Christie, 1973 Brigham Young University Law Review ,1987 Urban Affairs Abstracts ,1983 **Russian and Post-Soviet**

Organized Crime Mark Galeotti, 2002 Diverse perspectives including comparative structural and ethnic frameworks ensure a balanced treatment of a pervasive element of modern Russia Proceedings of the International Symposium on Criminal Justice Information and Statistics Systems Gary Cooper, 1972 Encyclopedia of Crime and Punishment: D-i David Levinson, 2002 Review Authoritative and comprehensive this multivolume set includes hundreds of articles in the field of criminal justice Impressive arrays of authors have contributed to this resource addressing such diverse topics as racial profiling money laundering torture prisoner literature the KGB and Sing Sing Written in an accessible manner and attractively presented the background discussions definitions and explanations of important issues and future trends are absorbing Interesting sidebars and facts reference lists relevant court cases tables and black and white photographs supplement the entries Appendixes cover careers in criminal justice Web resources and professional organizations A lengthy bibliography lists relevant works The Best of the Best Reference Sources American Libraries May 2003

Reflections On Organized Crime Patterns And Control: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Reflections On Organized Crime Patterns And Control : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
