Transportation Planning for Small and Medium-sized Communities Frances R. Zwanzig,National Research Council (U.S.). Transportation Research Board,1980 The proceedings are reported of a conference that was convened to provide for the exchange of experiences among practitioners of transportation planning for cities of fewer than 200 000 people to provide guidance for transportation policies and programs to foster the development of future activities in this area and to provide a document that will reflect the proceedings of the conference and serve as a basic resource for practitioners administrators and policymakers Forty four papers were presented in five areas Papers concerning the products of the transportation planning process from the state perspective and the appropriate level of planning effort in smaller cities provided the impetus for the workshops The latter began by considering issues and levels of effort pertinent to the functional workshop area Resource papers aided workshop deliberations The second half of the conference was allocated to workshop activities on techniques Plenary sessions followed each workshop session **The Personnel Administrator** ,1981
