The Theory of Access Replacing Ownership on the Example of Spotify Marie Heimer, 2011 Bachelor Thesis from the year 2010 in the subject Business economics General grade 1.3 University of Popular Music and Music Business Popakademie Baden W rtemberg course Musikbusiness BWL language English abstract Although the recording industry finds itself in a challenging economic situation very little is known about how to build up a business model which fulfils the demands of a new generation The theory of access replacing ownership provides another perspective concerning the so called digital natives The analysis of the demands of this consumer groups shows that the ownership of music seems to be obsolete to them The music consumers of today and tomorrow do no longer care about owning music The Swedish model Spotify offers music on an advertisement and subscription base and is depicted as an example in which consumers are offered a model of access The thesis results provide general information about the notion of property and ownership as a whole as well as it recovers the development of these notions on the digital age and

their deep impact on the economic behaviour and the scope of dealing with these changes The thesis uses self generated data from a survey as well as literary sources and serves as a road sign indicating the issues of access in several parts of economy with the focus on Spotify and the recording industry The findings of the thesis can be generalised to any industry that offers digital entertainment content

Multi-sided Music Platforms and the Law Chijioke Ifeoma Okorie,2019-10-28
Multi Sided Music Platforms and the Law explores the legal and regulatory frameworks surrounding copyright protection competition and privacy concerns arising from the way multi sided platforms use copyright protected content in digital advertising This book suggests how stakeholders in Africa and their advisors may ingenuously reform and apply various legal and regulatory frameworks to address these issues which arise from the manner in which multi sided platforms use copyright

protected content in digital advertising The book critically engages with the regulatory efforts in other jurisdictions particularly the EU with a view to bringing an African perspective to the debate and practice It undertakes a consideration of this issue by asking how multi sided platforms may be deployed in a manner that continues innovative uses of copyright content while protecting the economic freedom of African copyright owners as small businesses Providing the first pro Africa approach to the regulation of multi sided platforms particularly with reference to music this book focuses on key aspects of digital commercial activity and highlights the main challenges and opportunities for its regulation It will be of interest to lawyers policymakers and students across Nigeria South Africa and internationally among the African Union European Union and beyond **Marketing** ,2009 **The Economist** ,2012 The Membership Economy (PB) Robbie Kellman Baxter,2015-03-20 The membership business models of Netflix Weight Watchers and other industry giants revealed and how you can use them to lead your company to the top of the food chain For decades consumers and businesses have joined clubs bought products and accessed services using a subscription model But it has only been in recent years that the model has been transformed and perfected through massive changes in technology The Membership Economy shows how nimble companies that focus on ongoing formal relationships over one time transactions are thriving By renting lending or offering access instead of just ownership organizations can leapfrog industry leaders In terms of strategic business models this is one that allows for breakthrough growth With great case studies from American Express LinkedIn CrossFit SurveyMonkey and more this book will show you how to radically rethink how your organization can build loyalty viral growth and recurring revenue Essentials of Nursing Informatics, 7th Edition Virginia K. are three types of companies in the world each with its own DNA Mothers are customer oriented Mechanics are product oriented and Missionaries are concept oriented and it s absolutely critical for business leaders to know which type their company is to create an authentic and ultimately sticky position in the market A company s DNA is the key to achieving this and with it a competitive advantage Why Because if a Mechanic creates a marketing campaign based on its belief that it is a Missionary the underlying positioning will not ring true and the company won t gain a foothold in the market But if a company positions itself in alignment with its DNA it will resonate authentically and establish its role and relevance even in the face of a major competitor Get to Aha presents a clear step by step framework that will help you determine your company s precise position in the marketing landscape using Andy s DNA based methodology It takes you through the process of performing genetic testing on your company examining the market through the six Cs of positioning and developing your positioning statement a rational factual statement about your company s role and relevance Then and only then can you create a branding and marketing strategy that will build market momentum and crush the competition Trust Andy Steve Jobs did *The Gould Variations* Juha Markus Mantere, 2012 This book focuses on three aspects in Glenn Gould s 1932 1982 musical thought and practice Gould s embrace of music technology his notions of the ontology of music and musical interpretation and the place of his thought in Canadian intellectual history Focusing not only on Gould s writings on music technology but also on those of Marshall McLuhan 1911 1980 and Jean Le Moyne 1913 1996 this book provides a fresh perspective on Gould s thinking which was embedded in and keenly alert to the intellectual world outside music The book also touches on Gould s public reception his national iconicity in Canadian literature and Hollywood movies Gould s stardom is discussed as a phenomenon more commonly associated with contemporary popular culture **The Side Hustle**
