## **Sleep Hacks Today Same Day Delivery:**

**Deliver.** Wen-Szu Lin, 2022-02-01 Deliver According to the Merriam Webster dictionary it means to produce the promised desired or expected result In business there is no better honor than to be relied upon to consistently deliver The ability to deliver matters for all levels from a new graduate to a seasoned executive The core competencies required to deliver build on top of each other rooted in the foundational skills to be a great individual contributor Surprisingly most skills are not directly taught in formal education or at the workplace This book introduces and teaches proven easy to follow techniques for a person to deliver as an individual contributor a collaborator and a leader Techniques that I picked up over a 20 year career filled with epic failures and heart pumping successes After losing millions of dollars in my own venture in China I was forced to reset my career with no tangible assets e g I was near broke with no job leads e g I moved to a new country to be with my family and with no proven corporate record e g I only had entry level roles to that point Yet what I did have were untaught lessons on how to deliver Lessons that were never articulated to me in school or the self help books that I read so much of When an entry level opportunity at Uber came along these simple techniques allowed me to growth hack my career at a mind boggling pace I went from sitting in a tiny rented office to managing thousands of people in less than a few years Deliver is a structured set of learnings told through engaging stories from my experiences and from the voices of others The lessons follow the concept of inside out The focus is on how to develop the self into a great individual contributor at work through lessons on how to think in a structured manner how to communicate and how to manage one s emotions The lessons then expand outwards to teach a person how to build and manage relationships both as a stakeholder and as a manager It ends with insights on how to become a great leader Using relatable topics such as Marie Kondo s methods of tidying up to business lessons from an entrepreneur selling contact lenses for chickens to leadership lessons from the Navy SEALs Deliver draws examples from various disciplines to weave together a practical memorable lesson plan While the theory is important the aim is to offer practical techniques to learn the underlying business and leadership principles There is even a new term I coined for a technique that has been used for years at Uber My dream for this book is to impart actionable advice for millions that can help growth hack a person s career regardless if they are new to the corporate world or if they are well seasoned

Sleep Hacking for Busy Bees: Optimizing Sleep in Short Bursts Ethan West, In our frenetic modern world the quest for efficiency often comes at a steep price We juggle demanding careers personal responsibilities and social obligations all while trying to maintain a semblance of balance Amidst this relentless hustle one crucial aspect of our well being frequently gets shortchanged sleep Have you ever caught yourself wondering How can I get the most out of my sleep in the little time I have If so you re not alone This book delves into the art and science of sleep hacking a practice designed to optimize sleep for those who lead busy lives But before we delve into the nitty gritty let s explore why sleep is non negotiable Sleep is often perceived as a luxury something we can afford to cut back on to squeeze in an extra hour of work or play Yet research

consistently underscores that sleep is foundational to our health and well being According to the National Sleep Foundation adults need between 7 to 9 hours of sleep per night for optimal functioning However a staggering one in three adults doesn't meet this requirement leading to a host of physical and mental health issues So why is sleep so important **Sleep Hacker** Transcend Your Limits, 2022-02-21 Your sleep is broken The chances are you're NOT sleeping as well as you could In fact MOST of us just aren't sleeping as well as we could be and this is showing up in various forms People are feeling too tired to work depressed and weak throughout the day And this is usually one or two things that you're doing WRONG that are stopping your body entering the deep sleep stage it needs to restore and recover Over the last few years I've collected several highly effective sleep hacks and tricks that you could use to sleep BETTER These things work and they work fast SLEEP BETTER We've collected dozens of tips bits of information and methods or techniques for improving your sleep and going to sleep faster FEEL BETTER If you practice these techniques you'll fall asleep better and feel much better in the morning Lots of people complain of not getting enough sleep or not sleeping well enough so we've collected the tips that can help you SLEEP FASTER Another common concern is people can't seem to fall asleep FAST enough so we've collected some information on how to fall asleep faster and with less effort as well Overcome your bad sleep habits and finally feel good when you wake up in the morning We've spent months collecting the best and most effective tips and tricks for sleeping better so you can enjoy your life more Scroll up or down and order your copy now and get started improving your sleep SLEEP IS IMPORTANT It's been shown that if you get better quality sleep everything else becomes easier You'll have more energy You won't need naps during the day You'll recover from exercise faster Your immune system will be boosted You'll be less likely to get or stay depressed You'll be more creative There are LITERALLY thousands of benefits of getting better sleep So I've created the ultimate guide Sleep Hacker Sleep Hacker contains over 50 powerful sleep hacks that you can use to improve your sleep and feel better These things have been tried and tested by many people and work fast for almost everyone What you'll learn in Sleep Hacker Why your body actually needs sleep and what happens when you don't get enough How your mattress position and settings really make a big difference to how well your body is able to sleep It's not what you expect How raising your bed a few inches at the headboard end can supercharge digestion and immune regeneration and impact your dreams How to wake up at ANY TIME every morning WITHOUT an alarm clock and WITHOUT feeling tired This is so useful and you'll be able to DECIDE how to live your mornings now How to reset your natural body clock in one simple process It's a challenge but it WORKS A natural and effective way to stop snoring so you can experience less sleep disturbances in less than a week The powerful form of yoga that makes falling asleep seem like a walk in the park so you can stop wasting hours trying to fall asleep Why you need to STOP napping if you want to get the most out of your sleep time This is another thing most people get wrong Finally the ACTUAL best sleep posture explained and why most people get this WRONG A strange type of soundwave audio that you can listen to that will practically sedate and soothe you
