The Strategic Storyteller Alexander Jutkowitz, 2017-08-21 The world needs more storytellers. Storytelling is an inherently innovative activity. When organizations find their best stories and tell them to the world, they are not only building a reputation; they are flexing the same muscles that allow them to pivot quickly around crisis or opportunity and solve problems more creatively. For individuals, crafting stories is the primary way we can make sense of the world and our place in it. *The Strategic Storyteller* is a comprehensive practical guide to transformative storytelling. In its pages, you will learn how to tap into your and your organization's unique sources of wonder, wisdom, and delight. Boost individual and collective creativity. Understand the storytelling strategies behind some of the world's most powerful brands. Unlock the secrets of the great strategic storytellers of the past. Build a place where your stories can live online. Distribute stories so they have staying power and reach in the digital age. Convene audiences by going beyond demographic stereotypes and tapping into enduring human needs. Understand how unshakable reputations are built out of stories that accumulate over time. Sooner or later, all of us will be asked to tell stories in the course of our professional lives. We will be asked to make a case for ourselves, our work, our companies, and our future. *The Strategic Storyteller* tells you how.

The Radio Station John Hendricks, Bruce Mims, 2018-05-01 The Radio Station offers a concise and insightful guide to all aspects of radio broadcasting, streaming, and podcasting. This book's tenth edition continues its long tradition of guiding readers to a solid understanding of who does what, when, and why in a professionally managed station. This new edition explains what radio in America has been where it is today and where it is going, covering the basics of how programming is produced, financed, delivered, and promoted via terrestrial and satellite broadcasting, streaming, and podcasting. John Allen Hendricks and Bruce Mims examine radio and its future within a framework of existing and emerging technologies. The companion website is new, revised with content for instructors, including an instructors manual and test questions. Students will discover an expanded library of audio interviews with leading industry professionals, in addition to practice quizzes and links to additional resources.
