Pen And Ink Techniques:

Rendering in Pen and Ink Arthur L. Guptill, 2014-07-01 Arthur L. Guptill's classic *Rendering in Pen and Ink* has long been regarded as the most comprehensive book ever published on the subject of ink drawing. This is a book designed to delight and instruct anyone who draws with pen and ink, from the professional artist to the amateur and hobbyist. It is of particular interest to architects, interior designers, landscape architects, industrial designers, illustrators, and renderers. Contents include a review of materials and tools of rendering, handling the pen and building tones, value studies, kinds of outline and their uses, drawing objects in light and shade, handling groups of objects, basic principles of composition using photographs, study of the work of well-known artists on the spot, sketching, representing trees and other landscape features, drawing architectural details, methods of architectural rendering, examination of outstanding examples of architectural rendering, solving perspective and other rendering problems, handling interiors and their accessories, and finally special methods of working with pen, including its use in combination with other media. The book is profusely illustrated with over 300 drawings that include the work of famous illustrators and renderers of architectural subjects such as Rockwell Kent, Charles Dana Gibson, James Montgomery Flagg, Willy Pogany, Reginald Birch, Harry Clarke, Edward Penfield, Joseph Clement Coll, F. L. Griggs, Samuel V. Chamberlain, Louis C. Rosenberg, John Floyd Yewell, Chester B. Price, Robert Lockwood, Ernest C. Peixotto, Harry C. Wilkinson, Bertram Grosvenor Goodhue, and Reginald Birch. Drawing with Pen and Ink Arthur Leighton Guptill, Henry Clarence Pitz, 1961 Arthur L. Guptill's *Drawing With Pen and Ink* has been a landmark in the literature of ink technique for many years. The volume has gone through many printings and reached many thousands of students. It has been out of print for a number of years because the plates had become worn and a sharp reprint was no longer possible. A new edition would have entailed not only a complete new set of plates but the addition of new material. Fads, fashions, and styles constantly affect the world of art, and ink techniques have shown response to the times. Many ink drawings of today wear a different look from those of thirty years ago. A whole new company of artists has grown up with its own way of saying things.
