Woman, Don't Be Stupid! Armato, 2009-09 Do not be unequally yoked together with unbelievers For what fellowship has righteousness with lawlessness And what communion has light with darkness 2 Corinthians 6:14 From the beginning Satan has declared war on the family But now Satan is stepping up his attack on the family to bring it down with the help of Christian women Satan has found that the best way for him to destroy the family is to start from its formation by getting Christian women to date and marry men who are not true brothers in the Lord In this endeavor Satan is succeeding big time and will continue to do so unless Christian women everywhere wake up and realize what is happening They also need to recognize who they are and why they should not settle for anything less than a man who is a true brother in the Lord This book will help in that endeavor as well as expose Satan's plan for Christian women everywhere Topics covered in this book include Reasons why Christian women choose to date and marry unsaved men The consequences Christian women will suffer for pursuing unsaved men The consequences their children and future husbands will suffer as well How Christian women misuse the Gospel of Jesus while dating unsaved men The excuses Christian women give to justify their disobedience How to heal from past ungodly relationships How to be the woman that a Christian man will want to pursue James Joseph Armato is a graduate of Hofstra University and an Air Force veteran He currently resides in Massapequa Park in Long Island New York while holding down two jobs as a restaurant server He is a member of Bethpage Assembly of God church This is his first book

Border Modernism Christopher Schedler,2013-12-16 Reorienting the field of American literary modernism Christopher Schedler defines an intercultural form of representation termed border modernism that challenges the aesthetic hegemony of metropolitan high modernism In this study Schedler compares the works of European and Anglo American modernists with the works of Mexican Native American and Chicano writers who engaged with modernist theories and practices In the process he uncovers a unique intercultural aesthetic produced in the borderlands of the United States and Mexico aimed at modernizing the native literary traditions of the Americas Addressing issues of migration cultural identity and ethnography Border Modernism is a major contribution to current debates over the origins and development of American literary modernism and a new model for transnational and intercultural reconstructions of American literary history Charles Tomlinson and the Objective Tradition Richard Swigg,1994 The poetry of Charles Tomlinson is distinguished by its respect for the world as objective fact as set apart from human mythmaking symbolizing and egotistic projection In Charles Tomlinson and the Objective Tradition Richard Swigg examines the amazingly versatile speech and relationship that Tomlinson has brought to the concreteness of nature and city from the early poems of the 1940s up to the late 1980s by assessing the achievement within an Anglo American tradition of factuality from which Tomlinson has drawn strength and which his work now illuminates Blake s gleaming particularities Constable s science of painting Ruskin s visual energy Emerson s and Wordsworth s delight in humble solidities Whitman s celebration of American facts all belong to the lineage that as Tomlinson s poetry reveals takes on new expression in the modernism of Wallace Stevens and Marianne Moore This book traces Tomlinson s debt to Stevens and Moore in his poetry of the 1950s but gives special attention to the larger influence and widening of range that the art of William Carlos Williams exerted on the poetry of the 1960s and after Williams s sense of the local as a way into the universal touches a theme that has special significance for Tomlinson s Englishness and internationalism particularly in the way that this double quality gives us new insight into the poetry of other Englishmen Ivor Gurney and D H Lawrence in relation to Whitman Edward Thomas in relation to Robert Frost who also sought New World precisions to speak their nativeness The volume s close attention to the vocal grain and texture of many individual poems is especially marked in a chapter devoted to Tomlinson s politico historical poems on Danton Charlotte Corday and Machiavelli

The poet not only provides a perspective on T S Eliot and Octavio Paz but in a poem about Trotsky's assassination draws on the singular American quality of Orson Welles's *Citizen Kane*. Swigg assesses Tomlinson's stature in post war British poetry by contrasting his work with that of Philip Larkin and W H Auden and by demonstrating how much he shares with David Jones and Basil Bunting. The latter two English internationalists of *The Anathemata* and *Briggflatts* have like Tomlinson won their way home to a Britain of spiritual density and concreteness.
