Second Catalogue of the Library of the Peabody Institute of the City of Baltimore, Including the Additions Made Since 1882 George Peabody Library, 1897 *The Encyclopedia of Best Films* Jay Robert Nash, 2019-10-23 This all inclusive A Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece. And yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a précis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre: i.e. animated, drama, sports, mystery, adventure, etc. as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

Bookman's Weekly, 1999 **William Powell** Roger Bryant, 2014-12-09 Actor William Powell is perhaps best known for his roles as charming Nick in *The Thin Man* films and blustery Clarence Day in *Life with Father*. As diverse as those characters are, they don't begin to reveal the full scope of talent demonstrated by one of Hollywood's most intelligent leading men. Elegant, witty, and dignified, Powell created accessible and human characters in a great variety of roles. His talent was such that Powell has a large and growing fan base 50 years after his last film was released, evidenced by the popularity of DVD rereleases and the frequent appearance of his films on cable television. The focus of this book is Powell's work in more than 90 films from the silent era to the age of CinemaScope, woven into the dramatic and touching story of the actor's life. It begins by leaping into how Powell and actress Myrna Loy were launched to stardom as husband and wife Nick and Nora Charles in *The Thin Man*. The next chapter sets the stage for the baby Powell's entry into the world in 1892 and details his childhood and upbringing. Following chapters trace Powell's journey into the film industry, his early career as a popular villain, and his transition to talkies in the late 1920s, aided by his stage training. The book details his work at Warner Bros. which turned him into a leading man and his years of stardom at MGM. The book describes turning points in Powell's life: the death of lover Jean Harlow, a 21-month hiatus from films while the actor battled cancer, and a new leap to the top in *Life with Father*. Concluding chapters detail another flurry of films and the actor's retirement. A filmography lists Powell's films from 1922 to 1955, including those believed to be lost. *Secrets of the Sideshows* Joe Nickell, 2005-09-09 The carnival sideshows of the past have left behind a fascinating legacy of mystery and intrigue. The secrets behind such daring feats as fire eating and sword

swallowing and bizarre exhibitions of human oddities as Alligator Boys and Gorilla Girls still remain only grudgingly if ever given up by performers and carnival professionals Working alongside the performers Joe Nickell blows the lid off these mysteries of the midway The author reveals the structure of the shows specific methods behind the performances and the showmen s tactics for recruiting performers and attracting crowds He also traces the history of such spectacles from ancient Egyptian magic and street fairs to the golden age of P T Barnum s sideshows With revealing insight into the personal lives of the men and women billed as freaks Nickell unfolds the captivating story of the midway show The Peabody Reflector ,1954 Catalog of Copyright Entries.
