Stewart, 1990 Time Well Spent Arthur S. Harrell, 2010-08-04 Arthur S Harrell has been writing since the 1920s when he was an elementary school student His relationships and interactions with others have been captured in Time Well Spent He and his brother pooled their caddying tips to take their suffering mother to the dentist and later he was horrified when he had to help his dad prepare a corpse for their poverty stricken neighbor In the U S Navy his love of the written word was immediately noticed and he was put on track to become Chief Yeoman Violence is in the background of his war stories as his memories are about outstanding ship captains and rotten crab cakes He gives details of what Pearl Harbor was like when his ship arrived after the attack He also gives details of Nagasaki after the bombing and the sailors who could hardly wait to go there so they could kick some ass His description of a shadow on the bridge paints a vivid picture of the bomb effects all the juices had been cooked out of a human body leaving behind this grisly remnant of true disaster Each chapter is a vignette of life with an encouraging positive outlook **The Publishers Weekly**, 2001 *Time Machines* Paul J. Fuller, 2015-10-01 Extraordinary people lead extraordinary lives and from the beginning even before he had any control over his life John Meigs life was extraordinary kidnapped by his father never to see his mother again Once on his own he tried his hand as a reporter in Los Angeles in 1936 and then in Honolulu where he got drawn into the art world becoming one of the original designers of the Hawaiian aloha shirts Those pursuits were interrupted with the onset of World War II and John's enlistment in the Navy After a serendipitous escape of death and military duty in Florida John returned to Hawaii where he met New Mexico artist Peter Hurd That encounter led John to New Mexico and to interactions with a wide variety of notable people including painters Andrew Wyeth and Georgia O Keeffe poet Witter Bynner oilman and cattleman Robert O Anderson and actor Vincent

Price With the notable artist Rolf Armstrong of pin up girl calendar fame John traveled to Paris in 1952 where his off beat nature led him to Alice B Toklas After returning to New Mexico numerous opportunities knocked on John s door beckoning him in different directions all at the same time In 1979 his travels led to a particularly significant development in John s life when he picked up a hitchhiker who became a complicated fixture in his life as both a sidekick and a love object Meig s fascinating life continued to unfold garnering attention and impacting those close to him As can happen though even with the most accomplished and creative eventually a sad slow mental decline set in *World War II on Film* David Luhrssen,2020-11-09 *World War II on Film* examines the war through the lens of 12 films The movies selected include productions made during World War II and in each succeeding decade providing a sense of how different generations perceive the war *World War II on Film* provides a succinct yet well grounded appraisal of that war as seen through 12 representative films The book separates fact from fiction showing where the movies were accurate and where they departed from reality and places them in the larger context of historical and social events Each movie chosen represents a particular aspect of the conflict including the air war over Europe the condition of prisoners of war Nazi atrocities and the British evacuation at Dunkirk Unlike most histories of Hollywood during World War II or the genre of war movies *World War II on Film* examines in depth the relation between the depictions of events beliefs attitudes and ways of life as seen on film with reality as documented by historians or recorded by journalists or eyewitnesses to the war The volume will appeal to high school and college readers as well as general interest readers and film buffs *Not So Prime Time* Howard Rosenberg,2005-07-21 In this witty and candid perspective on American television the Pulitzer Prize winning critic Howard Rosenberg traces a disturbing pattern TV s relentless pursuit of the mundane in its seeming quest to dumb down America And he writes it may be succeeding How else to interpret the onslaught of look alike deceptively titled reality shows that have transformed much of prime time into a cratered moonscape The longer mediocrity endures Mr Rosenberg advises the greater the chance we will become permanently desensitized to it and seduced by it making third rate the standard He finds occasional heroes but more often rogues Many of his essays in *Not So Prime Time* relate to television news which the author charges has failed dismally in its shrilly self proclaimed role as a Bethlehem star of enlightenment its influence continuing to widen in circles that value tabloid over truth He finds it hard to say in fact whether there is more reality in *Survivor* or in a typical newscast on CNN the Fox News Channel or MSNBC News and entertainment now mingle on TV as intimately as singles snorting up together at a cocktail party becoming interchangeable with newscasts cross dressing as theater and vice versa *Not So Prime Time* records how this has happened not overnight the crud has been creeping forward for years Oh the horror *The 100 Greatest Movie Stars of Our Time* ,2002 **Time** ,1943 **Movie Time** James E. Combs,2007 *Movie Time* is a study of temporal mythmaking in American popular movies The work is rooted in American pragmatic philosophy and contemporary traditions of inquiry in the social sciences and humanities It proceeds on the premise that social beings

and social orders are interested in the mediation of time and attempt to make sense of their present world through the reconstruction of important pasts of interest in the present develop new presents with the help of popular expressions which define new situations and responses for a new time and foresee possible futures which impinge upon life in the here and now In particular the work focuses on the subsequent treatment of the American 1950 s in films set in that era beginning in the 1970 s and continuing with an effort to create a rough taxonomy of mythemes in such retrospective films and why it is that future times would find the Fifties to be so important that people wish to revisit it Too the mediation of time includes the development of a new present in this case the emergence of conservatism as a social force in the 1970 s and beyond The movies were an important form of expression in the dramatization of the conservative myth leading to the pervasion of conservative leaders and ideologies into the new century Finally the unrealized but imminent future of the country and world was increasingly on people s minds as both millennial hopes and fears and unanticipated threats began to emerge at century s end so movies which anticipated alternative futures appeared in response to that prospective interest It is hoped that this present inquiry will stimulate further work on the social relevance of popular expression and in particular the social mediation of time

**A Life with History** John Morton Blum, 2004 The author of such classic works as *The Republican Roosevelt* *V Was for Victory* and *Years of Discord* John Morton Blum is one of a small group of intellectuals who for more than a quarter of a century dominated the writing of American political history Writing now of his own career Blum provides a behind the scenes look at Ivy League education and political power from the 1940s to the 1980s Blum insightfully recounts a long and distinguished journey that began at Phillips Academy where he first realized he could make a career of teaching and writing history He tells how young men were socialized to the values of the Northeastern establishment in those years before World War II and how as a non practicing Jew he learned to overcome bigotry both at Andover and at Harvard which then had no Jewish professors In 1957 Blum joined the faculty of Yale University s history department widely regarded as the nation s best where he became both influential and popular and where his students included one future U S president as well as others who aspired to the office He reveals much about the inner workings of Ivy League education and tells of controversies over the Vietnam War and the Black Panthers his role in Eugene McCarthy s presidential campaign and how he searched for common ground between reactionary faculty and radical students More than a recounting of a singular life Blum s story explains how political history was researched and written during the second half of the twentieth century describing how the discipline evolved gained ascendancy and was challenged as historical fashions changed It also offers revealing glimpses of such prominent academics as Kingman Brewster Arthur Schlesinger Jr C Vann Woodward and William Sloan Coffin Over a distinguished career Blum witnessed considerable change in elite educational institutions where minorities and women were grossly underrepresented when he first entered academia In a memoir brimming with insight and laced with humor he looks back at the academy not a refuge from reality but an alternative reality as he reflects upon his
