Peasant Society A Reader:

Peasant Society Jack M. Potter, May N. Diaz, George McClelland Foster, 1967 **Change in a Peasant Society** Hector F. Rucinque, 1977 *Malay Peasant Society and Leadership* Husin Ali (S.), 1975 **Kroeber Anthropological Society Papers**, 1978 Peasants Under Peripheral Capitalism Hashim Haji Wan Teh (Wan.), 1988 **Famine in Peasant Societies** Ronald E. Seavoy, 1986-06-24 In this controversial study Seavoy offers a new approach to the problem of periodic peacetime famine based on the actual behavior of peasants. He maintains that it is possible to increase per capita food production without massive and inappropriate technological inputs. Seavoy shifts the focus from modern development economics to a cultural and historical analysis of subsistence agriculture in Western Europe, England, and Ireland, Indonesia, and India. From his survey of peasant civilization practices in these countries, he generalizes on the social values that create what he terms the subsistence compromise. In all of the ages and cultures, Seavoy finds a consistent social organization of agriculture that produces identical results: seasonal hunger in poor crop years and famine conditions in consecutive poor crop years. He argues that economic policies have failed to increase per capita food production because economists and government planners try to apply market-oriented policies to populations that are not commercially motivated. Once they understand the subsistence compromise, policy makers can take appropriate political action. **The German Peasants' War, Visual Culture, and Political Subjectivation** Jonathan Trayner, 2025-11-25 This study examines the visual productions of the German Peasants War: pamphlets, banners, and clothing, to argue for the disruptive and radical visual legacy in which hierarchies and modes of subjection were overturned. Drawing on the author's experience as a print maker and artist, the book offers a close and sympathetic analysis of the visual culture produced in this moment of war and revolt. Far from only being a matter of historical interest, these disruptive modes of visual production also resonate with contemporary debates about dissensus, populism, and political identity, especially in the work of Jacques Rancière. The refusal of these peasants and mercenaries and some clergy to remain in their place ruptured the visual field of power. It was also the repression of this popular eruption that was to shape conventional visual culture and politics as a reaction. The book will be of interest to scholars working in art history, visual culture, medieval and early modern studies, and political history. *Anthropological Quarterly*, 1975 *The Reader's Guide in Economic, Social and Political Science* Richard Rogers Bowker, George Iles, 1891 **Histories of Anthropology Annual** Regna Darnell, Frederic W. Gleach, 2006-02-01 *Histories of Anthropology Annual* promotes diverse perspectives on the discipline's history within a global context. Critical, comparative, analytical, and narrative studies involving all aspects and subfields of anthropology will be included, along with reviews and shorter pieces. This inaugural volume offers insightful looks at the careers, lives, and influence of anthropologists and others, including Herbert Spencer, Frederick Starr, Mark Hanna Watkins, Leslie White, and Jacob Ezra Thomas. Topics in this volume include anti-imperialism, racism in Guatemala, the study of peasants, the Carnegie Institution, Mayan archaeology, and

Cultural Anthropology Roger M. Keesing,1976 **CULTURAL ANTHROPOLOGY A CONTEMPORARY PERSPECTIVE** Third Edition is a sophisticated synthesis of social and cultural anthropology Keesing was concerned with the political and ethical implications of anthropological fieldwork and was sensitive to the global conditions of inequality caused by the spread of capitalist relations of production Thus his book is more political than other introductory texts in the field Keesing was also committed to the belief that students should not merely memorize terms and theories but should also be challenged to ponder the deep questions raised by human diversity Roger Keesing s untimely death in 1992 necessitated that a co author execute his planned revision Dr Andrew Strathern was chosen because like Keesing his training is in the British social anthropological tradition his fieldwork has concentrated on the Pacific and his recent teaching experience has acquainted him with American cultural anthropology In this revision Dr Strathern preserved Keesing s vision arguments and the ethnographies presented as illustrations of Keesing s theories while also examining each sentence to determine whether its assertions needed to be updated modified or abandoned Small changes made in this way incorporated a larger aim of updating and recasting the book to better fit and reflect a world 20 years since publication of the first edition
