Peasants And Power:

Chinese Discourses on the Peasant, 1900-1949 Xiaorong Han, 2012-02-01 Xiaorong Han explores how Chinese intellectuals envisioned the peasantry and its role in changing society during the first half of the twentieth century Politically motivated intellectuals both Communist and non Communist believed that rural peasants and their villages would be at the heart of change during this long period of national crisis Nevertheless intellectuals saw themselves as the true shapers of change who would transform and use the peasantry Han uses intellectuals writings to provide a comprehensive look at their views of the peasantry He shows how intellectuals with varying politics created images of the peasant a supposed contemporary image and an ideal image of the peasant transformed for political ends how intellectuals theorized on the nature of Chinese rural life and how intellectuals conceived their own relationships with peasants **Ventures in Political Science** Gabriel Abraham Almond, 2002 A prominent political scientist in American academia throughout the second half of the 20th century Almond gathers 11 essays he wrote mostly during the 1990s They explore topics he finds suitable for an octogenarian historical narrative about the political science discipline reflections about democracy and democratization and his own education and early career Annotation copyrighted by Book News Inc Portland OR **Selected Works of Mao Tse-Tung** Mao Tse-Tung, 2014-05-18 Selected Works of Mao Tse Tung Volume I focuses on the thoughts of Mao Tse Tung on differences in social structure communism revolution economics war tactics and welfare of the masses The book first discusses the analysis of the classes in Chinese society and the peasant movement in Hunan The text then ponders on the reasons why red political power can exist in China Topics include internal political situation reasons for the emergence and survival of red political power and the problem of military bases The publication takes a look at the struggle in the Ching Kang mountains including the independent regime in the Hunan Kiangsi border area and the August defeat and the situation in the area under the independent regime The book also examines the characteristics of China's revolutionary war and strategic defensive tactics including concentration of troops mobile warfare and strategic retreat Mao Tse Tung's call for a united effort to wage resistance against Japan is also underscored The book is a prime reference for readers interested in the philosophy of Mao Tse Tung **Peasants, Power and Applied Social Change** Harold Dwight Lasswell, 1971 **Collected Works of V. I. Lenin: pt.1-2. The revolution of 1917** Vladimir Il'ich Lenin, 1929 **The Russian Revolution, 1917** Rex A. Wade, 2017-01-16 Rex A Wade presents an essential overview of the Russian Revolution from its beginning in February 1917 through the numerous political crises under Kerensky to the victory of Lenin and the Bolsheviks in the October Revolution This thoroughly revised and expanded third edition introduces students to new approaches to the Revolution's political history and clears away many of the myths and misconceptions that have clouded studies of the period It also gives due space to the social history of the Revolution incorporating people and places too often left out of the story including women national minority peoples peasantry and front soldiers The third edition has been updated to include new scholarship

on topics such as the coming of the Revolution and the beginning of Bolshevik rule as well as the Revolution's cultural context. This highly readable book is an invaluable guide to one of the most important events of modern history. *Good Words*, 1884 **Farmers' Guide**, 1897 The Little Lawyer; Or, The Farmers', Mechanics', Miners', Laborers', and Business Men's Adviser and Legal Help Henry A. For these countries policy options were constrained by dependence upon the Soviet Union and the economic demands of a newly industrializing society. Econom Bangladesh, National Culture, and Heritage A. F. Salahuddin Ahmed, Bazlul Mobin Chowdhury, 2004 Contributed articles on history and civilization of Bangladesh in 19th and 20th century *Farmers Club Journal*, 1887 *Red Inc.* Robert K. Schaeffer, 2015-11-17 Red Inc takes issue with the view that economic development will eventually promote democracy. It outlines in detail the enormous social costs of the rapid rise of China's economy. Although many observers argue that Deng Xiaoping introduced capitalism to China in the late 1970s, Schaeffer believes that capitalist development really began during the 1950s under Mao Zedong. But although Mao made relentless efforts to generate the capital needed to finance economic development, his regime failed to promote any real growth. Schaeffer shows that the remarkable rise of its economy in recent years has provided China with new and often corrupt sources of wealth and power that have enabled it to resist democracy. He brings into sharp focus the consequence of the regime's uncompromising approach to capital accumulation. **The Spectator**, 1879 A weekly review of politics, literature, theology, and art **The New International**, 1968 **Annual Report of the Secretary to the Board of Regents** University of California, Berkeley. Secretary, 1894 *Peasants in Power* John D. Bell, 2019-03-12 Agrarianism has received relatively little attention from scholars interested in the modern history of Eastern Europe. Contending that an understanding of the agrarian contribution is necessary for an appraisal of the full dynamic of Eastern European politics, John D. Bell explores the history of the Bulgarian Agrarian National Union, the strongest of the East European organizations. Tracing the union's career from its founding to its overthrow in 1923, the author discusses the reasons for its appearance, its ideology and program, and its accomplishments and failure in both domestic and foreign policy. He concentrates in particular on the career of Alexander Stamboliski, who guided and inspired the BANU during its rise to power. This book is thus a comprehensive objective biography of both a movement and a man. John D. Bell is Associate Professor of History at the University of Maryland, Baltimore County.
