Peculiar People The Church As Culture In A Post Christian Society:

A Peculiar People Rodney R. Clapp, 1996-11-12 Rodney Clapp asks and answers the question How can the church provide a significant alternative to the culture in which it is embedded *Paul's Letter to the Romans* Ben Witherington, 2004-03-02 While Paul's letter to the Romans is the most studied and commented on document from the biblical period the major exegetical books on Romans from the nineteenth and twentieth centuries have been overwhelmingly shaped by the Reformed tradition Through a careful survey of work on Romans by both ancient Church Fathers and modern exegetical scholars Ben Witherington III here argues that the interpretation of Romans since the Reformation has been far too indebted to and at key points led astray by Augustinian readings of the text as filtered through Luther Calvin and others In this first full scale socio rhetorical commentary on Romans Witherington gleans fresh insights from reading the text of Paul's epistle in light of early Jewish theology the historical situation of Rome in the middle of the first century A D and Paul's own rhetorical concerns Giving serious consideration to the social and rhetorical background of Romans allows readers to hear Paul on his own terms not just through the various voices of his later interpreters Witherington's groundbreaking work also features a new clear translation of the Greek text and each section of the commentary ends with a brief discussion titled Bridging the Horizons which suggests how the ancient text of Romans may speak to us today *The Parish* Malcolm Torry, 2004 The Church of England is its parishes for clergy lay people alike Christianity is lived out in the context of a parish with a community congregation building and a priest This immensely useful resource reflects on many aspects of parish ministry pastoral care liturgy art and the sacred space spirituality youth regeneration and the multicultural parish and more A vital guide for students clergy and lay church leaders it was conceived in response to Anglicanism the answer to Modernity Continuum a book by academics giving an ivory tower view This is intended as a real help for the real work of running a parish and to enable theological reflection at local level **The Contemporary Church and the Early Church** Paul A. Hartog, 2010-02-01 As evangelicals face future challenges many are turning back to the ancient church for inspiration But these ancient future approaches remain diverse and sometimes even at odds with one another This volume demonstrates and analyzes the complexity of such contemporary church early church engagements Six scholars share diverse insights from the Patristic period including lessons on evangelism and discipleship community formation and maintenance use of the rule of faith the preaching of social ethics responses to cultural opposition and Christological development The volume closes with two critical responses from confessional Lutheran and Baptist perspectives These collected essays will remind contemporary readers of the importance of a reflective and responsible ressourcement of Patristic wisdom With contributions from Rex D Butler Francis X Gumerlock Bryan M Litfin Brian J Matz W Brian Shelton Edward Smither Glen L Thompson *Balanced Discipleship* Justin Campbell, 2023-03-09 The data is in more and more people are leaving the church We've worked hard at creating better programs better music and better sermons but it's not enough This is in stark contrast to the global church

that is growing exponentially What are they doing differently What can we learn In Matthew 28 Jesus does not ask us to go into the world and make great church services he tells us to go into the world and make disciples Campbell takes a deep dive into the Great Commission exploring Jesus balanced model of discipleship and giving us practical tools to apply to our local church

Rethinking Wesley's Theology for Contemporary Methodism Randy L. Maddox,1998 One of the most surprising developments in contemporary Methodist theology is the degree to which leading Methodist and Wesleyan systematic theologians are reengaging John Wesley finding his works instructive provocative and stimulating for their own theological reflection Such a broad and purposeful dialogue with Wesley by theologians of the Wesleyan heritage is unprecedented in this century and much rarer in the previous century than is popularly believed This volume presents a set of original essays that represent and embody this new engagement allowing the reader to see how several prominent theologians are self consciously reexamining and reappropriating their theological tradition
