Pedagogue For Gods Kingdom Lyman Beecher And The Second Great Awakening:

Pedagogue for God's Kingdom James W. Fraser,1985 Catholicism and the Shaping of Nineteenth-Century America Jon Gjerde,2012-01-23 Offers a series of fresh perspectives on America s encounter with Catholicism in the nineteenth century While religious and immigration historians have construed this history in univocal terms Jon Gjerde bridges sectarian divides by presenting Protestants and Catholics in conversation with each other In so doing Gjerde reveals the ways in which America s encounter with Catholicism was much more than a story about American nativism Nineteenth century religious debates raised questions about the fundamental underpinnings of the American state and society the shape of the antebellum market economy gender roles in the American family and the place of slavery were only a few of the issues engaged by Protestants and Catholics in a lively and enduring dialectic While the question of the place of Catholics in America was left unresolved the very debates surrounding this question generated multiple conceptions of American pluralism and American national identity *Dictionary of Early American Philosophers* John R. Shook,2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject s writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject **Between Church and State** James W. Fraser,2000-09-02 Today the ongoing battle between religion and public education is once again a burning issue in the United States Prayer in the classroom the teaching of creationism the representation of sexuality in the classroom and the teaching of morals are just a few of the subjects over which these institutions are skirmishing James Fraser shows that though these battles have been going on for as long as there have been public schools there has never been any consensus about the proper relationship between religion and public education Looking at the most difficult question of how private issues of faith can be reconciled with the very public nature of schooling Fraser paints a picture of our multicultural society that takes our relationship with God into account **American Religious History** Gary Scott Smith,2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and

practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three

American Education, the National Experience, 1783-1876 Lawrence Arthur Cremin,1988 Shapers of the Great Debate on Immigration Mary E. Brown,1999-01-30 Natives and immigrants men and women people from all regions races religions and walks of life have brought varying perspectives to the long running debate on immigration Drawing from a large cast of characters from Thomas Jefferson Booker T Washington and Cesar Chavez to Jane Addams Henry Ford and Patrick McCarran this book introduces students to people who have contributed to U S immigration policy from the Revolution to the present Showing how each person s opinion drew from personal experience and thus added a new dimension to the debate the book encompasses such issues as immigration and economics partisan politics culture public opinion and ethics Arguments for and against immigration culture economics foreign policy race recur repeatedly throughout U S history Individuals assign them priority at specific times The vignettes in the book put a human face on immigration policy and on abstract concepts such as labor markets The book shows how individuals made difficult and sometimes contradictory decisions on this controversial issue

A History of American Education Joseph Watras,2008 An engaging look at the past and present of schools and schooling A History of American Education 1 e examines the effects influences and implications of globalization on education in the United States From the early colonial days to the diverse present this text vividly reconstructs the highlights and challenges of education in America It explores the ideas of key educators the interaction between the public s ideals and the realities of schools and the consequences of educational reforms within the larger context of an increasingly global and connected society Unlike other history texts this book also offers considerable information about changes in curriculum educational administration and teaching practices

Brigham Young University Studies Brigham Young University,1996 A voice for the community of LDS scholars Journal of Illinois History ,2010 *Emily Dickinson's Experiential Poetics and Rev. Dr. Charles Wadsworth's Rhetoric of Sensation* Mary Lee Stephenson Huffer,2007 This study examines Emily Dickinson s experiential poetics and her position within and against the changing orthodoxy during the Second Great Awakening which is best demonstrated by the orthodox sermons of her contemporary Reverend Dr Charles Wadsworth *Religion and the*

American Experience, 1620-1900 Annette Blum, 1992-11-24 This bibliography is a comprehensive record of doctoral dissertations on religion and American society Included are 4 240 citations for dissertations written through June 1991 Each work discusses the historical dimension of America's religious experience between 1620 and 1900 and the bibliography provides order numbers for all dissertations available from University Microfilms Inc In addition to biographical and denominational studies the volume contains citations on communal societies fraternal orders literature pragmatism science slavery and temperance Also included are titles pertaining to church affiliated institutions of higher education A preface overviews the scope of the work criteria for inclusion and research methodology A section of bibliographic entries for denominations and movements follows Entries in this section are grouped in clusters for particular movements and denominations and the clusters are arranged alphabetically for ease of use The next section contains bibliographic entries arranged in topical clusters with topics presented in alphabetical order The volume concludes with detailed author and subject indexes

Trading Cultures Jeremy Adelman, Stephen Aron, 2001 The essays in this volume confront stereotypical images of merchants as men and sometimes women who stood outside their cultures beyond history Ranging across eras from medieval business practices to modern hucksterism of autobiographical morality tales the authors of this volume find that merchants cannot be separated from their times From the Ottoman Middle East to the American Midwest the contributors to *Trading Cultures* emphasize the embeddedness of merchants in geographically and culturally specific contexts The trading careers reconstructed in this book dwell on mercantile concerns with honor as much as profit trust as much as truck and above all familial connections as much as individuated enterprise

Historical Journal of Massachusetts, 1989 **Christian Voluntarism in Britain and North America** William H. Brackney, 1995-04-25 A unique blending of historical analysis and bibliographic data this volume examines the course of the voluntary association for religious purposes and analyzes the prominent primary and secondary literature in the field of voluntarism In addition hundreds of voluntary associations prior to 1900 in Britain the United States Canada and elsewhere are listed A reference tool for students and scholars in Western Christian thought and history over 900 resources are classified by general denominational racial and gender categories and are annotated The first part of the volume examines the roots of voluntary thought in the Christian tradition and provides an overview of the evolution of voluntary Christian endeavor in Britain and North America Of particular significance is the connection between churchly voluntary associations and the evangelical experience of the 19th century Individual voluntary relationships and groups are an integral part of human socialization This is the first bibliography and overview of individuals joining together under the banner of Christianity in order to satisfy this deep human need

Sacred Sound and Social Change Lawrence A. Hoffman, Janet Roland Walton, 1992 Teachers students composers performers and other practitioners of sacred sound will appreciate this volume because unlike any book currently available on sacred music it treats the history development current practices composition and critical views of the liturgical music of

both the Jewish and Christian traditions Contributors trace Jewish music from its place in Hebrew Scriptures through the nineteenth century Reform movement Similar accounts of Christian music describe its growth up to the Protestant Reformation as well as post Reformation development Other essays explore liturgical music in contemporary North America by analyzing it against the backdrop of the continuous social change that characterizes our era The Journal of Unitarian Universalist History ,1999 Philanthropy in America Dwight Burlingame,2004-08-19 A landmark three volume reference work documenting philanthropy and the nonprofit sector throughout American history edited by the field s most widely recognized authority Developed under the guidance of Dr Dwight Burlingame of the Indiana University Center on Philanthropy one of the nation s premier institutes for the study of philanthropy the three volume Philanthropy in America A Comprehensive Historical Encyclopedia is the definitive work on philanthropic charitable and nonprofit endeavors in the United States The first section of the encyclopedia contains over 200 A Z entries covering the lives of important philanthropists the missions and practices of key institutions and organizations and the impact of seminal events throughout the history of the nonprofit sector in America from precolonial times to the present Discussions of philanthropic traditions in ancient civilizations in Europe during colonial times and in countries around the world today provide fascinating contexts for understanding how the American philanthropic experience has developed The encyclopedia also includes a collection of primary source documents legislation foundation reports mission statements etc for convenient review and further research Over 200 A Z entries on people events organizations and ideas in U S philanthropic history Nearly 200 contributors distinguished scholars from a variety of disciplines Over 75 primary source documents from the Poor Laws of 1601 to excerpts from the Filer Commission Report of 1975 Chronology of important events in philanthropic history **Religion and the Origin of Voluntary Associations in the United States** Peter Dobkin Hall,1994 **American Presbyterians** ,1988
