Praying Dangerously Radical Reliance On God:

Praying Dangerously Regina Ryan, 2012-07-23 *Praying Dangerously* instructs us that we can grow up spiritually leaving behind a childish relationship to prayer as a superstitious ritual or mere plea for favors. It encourages readers to recognize the difference between prayer that asks only for reassurance and prayer that asks for the Ultimate and stands for transformation. We can cease being victims of God's Will while at the same time embracing genuine surrender and reliance on the irrefutable power of love, says author and retreat leader Regina Sara Ryan. Readers of the first edition published in 2001 were enthusiastic in their praise, calling it a brave and useful book. Prayer groups and church congregations around the U.S. have used it for study, and it has been translated into Dutch, German, and French. And the message of the book is more relevant now than it was 10 years ago. The insecurities of our times draw us inward or back to our churches. In prayer groups and retreats of all kinds, we are looking for comfort and consolation for spiritual direction or for answers to the eternal questions that have always challenged humanity. This book is a valued contribution in that search. This 10th anniversary edition is fully revised with several completely new chapters, including *The High Cost of Forgiveness*, a subject that challenges everyone, and *Praying on the Subway* about how our generally busy and often chaotic lives can provide us with a constant impetus for blessing others. 32 Easy Lessons in Metaphysics and the Science of Our Mind Mary E.

Mitchell, 2014-08-19 What you will discover in *32 Easy Lessons* is how really simple everything is. We are all one within a universal field of energy. Intention: The power behind affirmative prayer. How our thoughts and beliefs attract like energy and experiences. The healing power of scientific prayer. The power of being an observer without expectations. The deep mystical love underlying all aspects of the universe. Scientific discoveries rich in spiritual awakening. *32 Easy Lessons* reveals the essence of who we are at our most powerful level. When we understand how our mind affects the metaphysical beyond the physical, it all begins to make sense. There are gold nuggets in this treasure trove to enrich your life's adventure. Mary Mitchell has been an avid student of the science of our mind and metaphysics for over twenty years. Her deep study has resulted in popular classes and lessons that explore the hidden power of what lies beyond the physical and forces of energy that we can control through the power of our mind. It's true: there is a power for good in the universe, and you can use it. *Sustaining*

Heaven on Earth Isaura Barrera, 2021-08-11 *Heaven on earth* is a reality that defies description and even belief at times. Yet all who have fallen in love, felt deep wonder, or witnessed what could only be classified as a miracle can attest to its presence. Unfortunately, that presence is all too often only fleeting. What if it didn't have to be so? What if it was possible to sustain the experience of heaven on earth? This book suggests four keys to doing so, each forged by and for a love that challenged the author to remain awake to the presence of heaven on earth that love had awakened. *Beloved's Gift* Isaura
