Pre Modernism Art World Change And American Culture From The Civil War To The Armory Show:

Pre-modernism JoAnne Marie Mancini, 2005 Speaking of the emergence of modernism author Virginia Woolf famously said On or about December 1910 human character changed But was the shift to modernism really so revolutionary Mancini argues that it was not She proposes that the origins of the movement can in fact be traced well into the nineteenth century Several cultural developments after the Civil War gradually set the stage for modernism New mass art media appeared on the scene as did a national network of museums and groundbreaking initiatives in art education These new institutions provided support for future modernists and models for the creators of the avant garde Simultaneously art critics began to embrace abstraction after the Civil War both for aesthetic reasons and to shore up their own nascent profession Modernism was thus linked Mancini argues to the emergence of cultural hierarchy A work of impeccable scholarship and unusual breadth the book challenges some of the basic ideas about both the origins of twentieth century modernism and the character of Gilded Age culture It will appeal not only to art historians but also to scholars in American history and American studies Publisher's description [Art History at the Crossroads of Ireland and the United States](#) Cynthia Fowler, Paula Murphy, 2022-05-12 Taking the visual arts as its focus this anthology explores aspects of cultural exchange between Ireland and the United States Art historians from both sides of the Atlantic examine the work of artists art critics and art promoters Through a close study of selected paintings and sculptures photography and exhibitions from the nineteenth century to the present the depth of the relationship between the two countries as well as its complexity is revealed The book is intended for all who are interested in Irish American interconnectedness and will be of particular interest to scholars and students of art history visual culture history Irish studies and American studies **Making American Culture** P. Bradley, 2009-09-14 This book offers a social and cultural history of American culture in the formative years of the twentieth century examining forms such as vaudeville early film popular songs modernist art and many others in the context of contemporary social changes

Manufacturing the Modern Patron in Victorian California John Ott, 2017-07-05 Through the example of Central Pacific Railroad executives *Manufacturing the Modern Patron in Victorian California* redirects attention from the usual art historical protagonists artistic producers and rewrites narratives of American art from the unfamiliar vantage of patrons and collectors Neither denouncing nor lionizing nor dismissing its subjects it demonstrates the benefits of taking art consumers seriously as active contributors to the cultural meanings of artwork It explores the critical role of art patronage in the articulation of a new and distinctly modern elite class identity for newly ascendant corporate executives and financiers These economic elites also sought to legitimate trends in industrial capitalism such as mechanization incorporation and proletarianization through their consumption of a diverse array of elite culture including regional landscapes panoramic and stop motion photography history paintings of the California Gold Rush the architecture of Stanford University and the design of domestic galleries This book addresses not only readers in the art history and visual and material cultures of the United States but also scholars of

patronage studies American Studies and the sociology of culture It tells a story still relevant to this new Gilded Age of the early 21st century in which wealthy collectors dramatically shape contemporary art markets and institutions *Nocturne* Hélène Valance, 2018-01-01 A beautifully illustrated look at the vogue for night landscapes amid the social political and technological changes of modern America The turn of the 20th century witnessed a surge in the creation and popularity of nocturnes and night landscapes in American art In this original and thought provoking book Hélène Valance investigates why artists and viewers of the era were so captivated by the night *Nocturne* examines works by artists such as James McNeill Whistler Childe Hassam Winslow Homer Frederic Remington Edward Steichen and Henry Ossawa Tanner through the lens of the scientific developments and social issues that dominated the period Valance argues that the success of the genre is connected to the resonance between the night and the many forces that affected the era including technological advances that expanded the realm of the visible such as electric lighting and photography Jim Crow era race relations America's closing frontier and imperialism abroad and growing anxiety about identity and social values amid rapid urbanization This absorbing study features 150 illustrations encompassing paintings photographs prints scientific illustration advertising and popular media to explore the predilection for night imagery as a sign of the times **American Modernism** Charles Brock, Nancy K. Anderson, Harry Cooper, 2010 Unknown countries early American modernism and the Shein collection Charles Brock Catalogue Find the right people and listen evolution of a collection Nancy Anderson *Arthur Dove* Rachael Z. DeLue, 2016-03-16 Arthur Dove often credited as America's first abstract painter created dynamic and evocative images inspired by his surroundings from the farmland of upstate New York to the North Shore of Long Island But his interests were not limited to nature Challenging earlier accounts that view him as simply a landscape painter Arthur Dove Always Connect reveals for the first time the artist's intense engagement with language the nature of social interaction and scientific and technological advances Rachael Z DeLue rejects the traditional assumption that Dove can only be understood in terms of his nature paintings and association with photographer and gallerist Alfred Stieglitz and his circle Instead she uncovers deep and complex connections between Dove's work and his world including avant garde literature popular music meteorology mathematics aviation and World War II Arthur Dove also offers the first sustained account of Dove's Dadaesque multimedia projects and the first explorations of his animal imagery and the role of humor in his art Beautifully illustrated with works from all periods of Dove's career this book presents a new vision of one of America's most innovative and captivating artists and reimagines how the story of modern art in the United States might be told Art Journal, 1960 **Thomas Eakins and the Cultures of Modernity** Alan C. Braddock, 2009-03-31 Thomas Eakins and the Cultures of Modernity is the first book to situate Philadelphia's greatest realist painter in relation to the historical discourse of cultural difference In this study Alan C Braddock reveals that modern anthropological perceptions of culture which many art historians attribute to Eakins did not become current until after the artist's death in 1916 Braddock finds in the work of Thomas Eakins a lifelong

engagement with aesthetic and social currents that extended well beyond his native city of Philadelphia indicating the persistence of a worldly sensibility long after he had concluded his formative studies in Europe during the 1860s Braddock shows how Eakins developed a localized cosmopolitanism all his own based in Philadelphia but tapped into a global field of visual production Jacket

First Look Jersey City Museum, 2006 Founded as part of the Jersey City Public Library in 1901 the Jersey City Museum is the only cultural institution of its kind in the state The museum's permanent collection features American art and material culture from the region dating from the colonial period through the present This is the first collections catalog that the Museum has published and will introduce readers to its eclectic holdings The selection of 150 objects presented chronologically represents highlights from each of the genres including painting sculpture decorative arts photography works on paper furniture metals and ephemera The museum's own lengthy and varied history helped to form its collections An essay by Alan Wallach professor of American art at the College of William and Mary addresses this history and the museum's role as a teaching institution In addition to paintings and a small selection of sculpture the museum houses a body of objects that relate to local history including a collection of glass and ceramic works by the American Pottery Company and the Jersey Glass Company Its industrial collection features advertisements and other ephemera produced by industries based in the area during the nineteenth century The small but lovely collection of paintings includes a view of downtown New York from Brooklyn by Colin Campbell Cooper a regal portrait of prominent Jersey City citizen Judge Peter Sip by the illustrious portrait duo of Samuel Waldo and William Jewett and a 1986 painting by Helen Miranda Wilson of a bird's eye view of New York harbor The collection of contemporary art features imagery by a diverse body of significant artists including Chakaia Booker Larry Fink Leon Golub Komar and Melamid Conrad Marca Relli Sheila Pepe Naomi Savage Shazia Sikander and Kara Walker The Museum's recent history and its contemporary collection are addressed in an essay by the curator Rocio Aranda Alvarado
