**Preaching to a Multi-generational Assembly** Andrew-Carl Wisdom, 2004 With the acceleration of technological change new and distinct generations are created faster than before Generational boundaries become more fluid Multiple age groups have different generational mindsets distinct worldviews and varied spiritual needs How then do preachers speak to congregations that comprise four to five separate generations Preaching to a Multi generational Assembly addresses how to effectively and credibly preach to all generations at the same time In Preaching to a Multi generational Assembly Andrew Cal Wisdom offers a credible new homiletic model to make Catholic preaching more exciting accessible and effective for both the assembly and preacher by making it more generationally relevant He reflects upon the current state of preaching through Catholic and Protestant voices He argues from communication theory that generation is a subculture like ethnicity and race and should be seriously considered in homiletic preparation He applies contemporary marketing segmentation theory to preaching in proposing a qualified generational segmentation of the Sunday assembly Finally he combines both theories to demonstrate both the opportunity and viability of intergenerational preaching in a Catholic context Chapters are Why Effective Preaching Is a Priority The Problem The Genesis of the Catholic Homily Intergenerational Preaching as a Sacred Dance Between Culture Language and Meaning What the Preacher Can Learn from the Marketer The Catholic Sacramental Imagination A Generational Bridge Does It Work The Mechanics of Intergenerational Preaching and So What Includes tales graphs and a conclusion with practical suggestions on how to become an effective and credible intergenerational preacher

**Preaching and the Challenge of Pluralism** Joseph M. Webb, 1998 How do we speak our Christian faith with conviction while respecting people with utterly different religious orientations Preaching and the Challenge of Pluralism strives to answer that question for preachers who are called to proclaim the gospel in an increasingly pluralistic world From publisher s description [Preaching That Comes Alive](#) Maggie Low, 2017-03-30 People go to church every Sunday hoping to hear a life giving word from the Lord but often find that they have to make do with either the dry crust of cognitive sermons or the empty calories of emotional exhortations This book provides preachers with the tools to feed their flock with hearty sustenance Using real life sermon examples from across Asia that reflect issues facing Asian Christians Maggie Low builds a picture of a sermon as a body taking you step by step through guidelines for what this body needs to come alive Whether you are a beginner or an experienced preacher you will learn to preach more confidently and relevantly through this skillful integration of biblical theology homiletical theory spirituality and communication skills Preaching cannot deliver life unless preachers themselves listen to the Word of Life Dr Low guides the reader to exegete the Scriptures and to listen to God personally so that they can deliver a life giving word to the hearers *Viva Vox Evangelii - Reforming Preaching* Jan Hermelink, Alexander Deeg, 2013-10-29 This volume contains the proceedings of an international homiletical conference held in summer 2012 in Wittenberg Germany The theme Viva Vox Evangelii Reforming Preaching focuses on the vivid and

multivoiced performance of preaching it is worked out by researchers from North and South America South Africa India as well as from North and Middle Europe The contributions deal with the different social political cultural and religious contexts of preaching and they reflect on the consequences for content and form of the respective sermon Additionally the volume gives examples of original sermons from various religious traditions Many articles are responding to each other so in effect the volume displays an inspiring view on the international research in homiletics today Der Band dokumentiert eine internationale Tagung zur Predigtlehre die im Sommer 2012 in Wittenberg stattfand Das Tagungs Motto Viva Vox Evangelii Reforming Preaching das den lebendigen vielstimmigen Vollzug der Predigt fokussiert wird von Forscherinnen und Forschern u a aus Nord und S damerika S dafrika Indien sowie aus Nord und Mitteleuropa bearbeitet und zwar nicht nur im Blick auf die Predigt selbst sondern auch hinsichtlich ihrer ganz unterschiedlichen sozialen politischen kulturellen und religiösen Kontexte Dazu kommt die Dokumentation exemplarischer Predigten aus verschiedenen kirchlichen Traditionen Viele Texte beziehen sich dialogisch aufeinander so dass insgesamt ein höchst anregendes Bild der internationalen homiletischen Forschung der Gegenwart entsteht

*The Divine Deli* John H. Berthrong, 1999 Is treating religion like a delicatessen menu a good thing Can one legitimately be 60% Christian 20% Buddhist and 20% Jewish Showing that these combinations are happening in varying degrees Berthrong questions whether the combinations will have the power to stem the forces of impending ecological disaster give people strength to weather trials and whether communities and nations will find in them a foundation to make just decisions

Weary Throats and New Songs Teresa L. Fry Brown, 2003 Teresa Frye Brown's music ministry forms a background for her application of music as a metaphor to the preaching moment In this book she interviews numerous preaching sistas and uses categories from her homiletics courses to structure the data that she found in the interviews The result is a helpful Black Women's Commentary on the homiletic process The first couple of chapters provide information on ordination and call that every male minister of the Gospel should keep in mind It is a review of the gender barrier to ordination Interestingly enough this aspect of the book also demonstrated the resolve of our sisters to find ways and means to preach the gospel irregardless of these barriers While we should never accept discrimination in any form I did find the list of venues for women's in ministry to be a very helpful way to see other possible ways to minister apart from the pulpit in the church that all ministers male and female should look at Our sisters have shown us the way to greater ministry After call and ordination Brown moves to a discussion of Biblical exegesis themes and structures for sermons by Black women I found that this section demonstrated that while some women have a tendency towards preaching actively for liberation of women most of the themes such as purpose hope and liberation
