## **Preaching For Giving:**

**Preaching and Stewardship** Craig A. Satterlee, 2011-06-29 Both new and veteran preachers alike find the annual stewardship sermon a challenge and are eager for encouraging practical advice In *Preaching and Stewardship* Craig Satterlee offers a nuts and bolts handbook on preaching stewardship raising issues preachers need to consider when preparing stewardship sermons and offering advice on how to address them Satterlee argues that stewardship preaching must include a bold and concrete proclamation of God's love will and justice as well as an invitation to grow as stewards in response to this proclamation He focuses each chapter on a question preachers ought to ask themselves as they prepare the stewardship sermon beginning with What do you mean by stewardship and Why should we give to the church In chapters 3 through 6 he explores what the Bible says about stewardship In chapter 7 he names some of the assumptions both preachers and worshipers bring to the stewardship sermon The final chapter a variety of ways congregations can support the stewardship sermon Satterlee illustrates the premise of each chapter with anecdotes from congregational life Preachers who desire examples of stewardship sermons will especially appreciate stewardship sermons he shares from various preachers to illustrate points in the main text

**Preaching for Giving** Timothy J. Bagwell, 1993

future research and will inspire readers at every stage of their career      *Charity after Augustine* Jonathan Teubner, 2024-12-07 *Charity after Augustine* explores why the Augustinian tradition's attempts to build solidarity in the societies of the Latin West have ended in disaster just as often as they have brought about justice. Focusing on the concrete practices of love and charity, almsgiving, works of mercy, good works, Teubner demonstrates how religious leaders attempted simultaneously to bind and hold communities together while also in fits and starts to expand and include others in their communities. The first part probes how Augustine's thought is put into practice, informing a tradition of political action inspired by concepts of love and enacted through practices of charity. In a second, more expansive part, *Charity after Augustine* turns to the ways in which the Benedictine tradition as received by Gregory the Great and Bernard of Clairvaux transforms this vision and puts it into practice in contexts radically different from those of Augustine's age. At the heart of this book is an attempt to find a non-idealized vision of love that can inform thick relations within a community that are not diluted but are rather strengthened by the incorporation of outsiders.

*A History of Preaching Volume 1* O.C. Edwards, Jr., 2010-09-01 *A History of Preaching* brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser-known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1, appearing in the print edition, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear, from the ninth-century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands, preachers of the eighteenth century, Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, contained on the enclosed CD-ROM, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone

who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches we all participate in, this field, says Riggs from EcuLink Number 65, Winter 2004-2005, published by the National Council of Churches.

**What Makes This Day Different?** David J. Schlafer, 1998-01-25. Schlafer looks at the preacher's task at the high times of the church and the secular year, those occasions on which expectations run high and emotions can be intense. He explores the temptations and pitfalls of preaching at weddings and funerals, baptisms and ordinations, civic holidays like Memorial Day and Thanksgiving, and the high holy days of Christmas and Easter. He also discusses preaching at times of tension and conflict in the church, the responsibilities of a guest preacher, and how to handle preaching missions and retreats. Included in each chapter are helpful summaries of what to include and avoid in sermon preparation, as well as excerpts of sermons illustrating the principles he outlines.

**Let the Legends Preach** Jared E. Alcántara, 2021-04-01. *Let the Legends Preach* celebrates the past and current legends of black preaching through preserving the sermons that they preached at the Annual E. K. Bailey Expository Preaching Conference. The twenty-four preachers honored in this book received the Living Legend Award for Excellence in Preaching on account of ministries that impacted hundreds of thousands of people across the nation and around the world. Not only does this book lift up preachers that are familiar to so many names belonging to the great cloud of witnesses in black preaching over the last fifty years, but it also introduces a new generation of preachers to their powerful stories and homiletical wisdom. Each chapter offers readers short biographical sketches on the life and ministry of the preachers that were honored, followed by the sermon that they preached or the lecture that they delivered at the annual conference.

Realizing both the difficulty of preaching about giving and its necessity, the contributors to this volume provide preachers with models of sermons about giving, demonstrating creative and faithful ways to address this thorny subject from the pulpit. Accompanying each sermon is a detailed insightful analysis of why each sermon represents an effective strategy for preaching about stewardship and suggestions for how preachers might apply these lessons to their own preaching.
