Cardenera, 1886 Colección de documentos inéditos Joaquín Francisco Pacheco, Francisco de Cárdenas y Espejo, Luis Torres de Mendoza, 1875. The documents published in this collection often abbreviated DII 42 volumes 1864-1884 were selected by a team of Spanish historians as representative of the glories of their country's history in the Americas. Drawn exclusively from the Patronato Real group of the AGI the transcribed versions of the original manuscripts include correspondence between Spanish monarchs and many of the major figures of the early European contact with the Americas. This collection and a successor set published between 1885 and 1932 were selected for the breadth of their coverage of the early Spanish period in the Caribbean and North and South America and for the accuracy of the paleography. Since the printed volumes present the documents in a notorious scramble the digital edition greatly enhances the collection's value for research and instruction by allowing users to search its full text for occurrences of names places dates and other terms. Note: Two printed volumes offer very limited access to the collection. Pensar ontológicamente no es pensar de cualquier manera aunque en él participen múltiples formas de pensar. Hay principios hay criterios que conforman un pensar diferente. No accedemos a ellos de manera espontánea. Ello implica que es necesario aprender a pensar ontológicamente. Se trata de una forma de pensar que por lo general arranca de nuestras experiencias personales y muchas veces de nuestros dolores y desgarramientos. Nuestras heridas son por lo general puertas de entrada a las profundidades de nuestra alma. Ellas no sólo nos proveen sufrimientos sino posibilidades para conocernos mejor y para orientar futuras transformaciones. Los trabajos que presentamos de alguna manera llevan esta marca. Ellos expresan muchas veces un acto de gran generosidad al compartir con otros lo que resultó de ese recorrido. En ese sentido son una invitación a suspender el miedo que nos tenemos frecuentemente a nosotros mismos y de participar de una experiencia reflexiva que puede proporcionarnos al final del camino grandes
