Homines, Funera, Astra Raluca Kogălniceanu, 2012 Proceedings of the International Symposium on Funerary Anthropology 5-8 June 2011 1 Decembrie 1918 University Alba Iulia Romania Edited by Raluca Kogălniceanu Roxana Gabriela Curcu Mihai Gligor and Susan Stratton The study of burial practices of human attitudes and behaviour in the face of death has been an important part of archaeological research from its very beginnings Some funerary discoveries have achieved sensational fame Yet beyond this the archaeological community quickly came to understand that it is possible to gain as much information about the lives of past people from studying their funerary behaviour as it is from studying their daily activities and the resultant artefacts This volume gathers together the majority of the papers presented at the International Symposium on Funerary Anthropology Homines Funera Astra which took place at 1 Decembrie 1918 University of Alba Iulia 5-8 June 2011 The theme of the conference aimed to address the investigation of human osteological remains and burial practices specific to the prehistory and history in Central and Eastern Europe *Préhistoire Européenne*, 1993 **Rome et la conquête du monde méditerranéen (264-27 av. J.-C.). Tome 1** Claude Nicolet, 2001-07 Rome est une cité qui a conquis un empire en établissant d'abord son hégémonie sur l'Italie dont les peuples lui ont fourni hommes et ressources Cet ouvrage étudie les structures de l'Italie romaine la terre et les hommes les productions les changes les finances l'armée et les institutions puis les évolutions et des changements qui entraînèrent la fin de la liberté publique et conduisirent au pouvoir d'un seul homme Le premier tome envisage les ressources et les hommes de la conquête ainsi que les structures qui unissent Rome et ses alliés d'une part les Romains entre eux d'autre part Si le commentaire des auteurs anciens forme le cœur des chapitres consacrés aux institutions la vie politique et aux structures sociales ce premier tome débute par une reconstitution de l'état démographique et économique de la péninsule qui joua un rôle essentiel dans la conquête Si la constantia et la virtus romaines expliquent en partie les succès militaires et la résistance à l'adversité ce livre rappelle propos que les Romains pouvaient compter sur une immense réserve d'hommes et de ressources ce qui vient éclairer les nombreux moments où la cité surmonta des preuves qui en auraient condamné une autre des désastres subis face à Hannibal jusqu'aux guerres civiles menées sans jamais ouvrir une brèche aux envahisseurs étrangers Si le second tome insiste sur le rôle des dirigeants romains et la présentation de leurs adversaires ce premier tome s'attache la constitution de la cité romaine au sens le plus large et pas seulement juridique Alors que la plupart des cités et des États que combattit Rome s'abîmaient dans la stase l'exception significative de Carthage la cité romaine si elle compta quelques personnages d'exception est dans ce tome envisagée davantage comme un ensemble Le rôle des individus dans la conquête n'est certes pas négligeable mais il convient d'abord ne serait-ce que pour valuer exactement le rôle des individus d'examiner les fondements de la puissance romaine ses ressources ses institutions et la façon dont elle sut poursuivre au prix de solutions de plus en plus violentes mesure que l'accroissement de l'Empire et du rôle du peuple attisait la compétition aristocratique la conquête du monde méditerranéen Voltaire écrivait dans les Lettres anglaises que les

nobles Romains tournaient l'agressivité de la plèbe vers l'étranger de peur que la classe oisive elle ne s'en prit à ses maîtres The Origins of Religions Julien Ries, 1994 *The Origins of Religions* opens with a look at prehistoric man's first steps on the planet then moves on to examine the cultic rituals artistic expression and expanding mythology that developed throughout the Paleolithic and Neolithic epochs *Le monde byzantin: L'Empire romain d'Orient, 330-641* Bernard Bavant, 2004 Premier volet d'une série de trois volumes sur l'histoire de Byzance Il est consacré à la période fondatrice depuis l'inauguration de la capitale de Constantin jusqu'aux débuts de la conquête arabe au milieu du VII^e siècle Quatre parties les événements les institutions la civilisation byzantine et ses fondements les provinces Illyricum Asie mineure Syrie Palestine Egypte **Les Industries laminaires au paléolithique moyen** Alain Tuffreau, 1994 **L'Occident aux XIV^e et XV^e siècles** Bernard Guenée, 1998 En 1971 ce livre devait convaincre du poids du politique dans l'histoire Cette démonstration n'est plus aujourd'hui nécessaire Mais l'étude des structures et des mentalités politiques reste un champ encore largement ouvert la recherche Les États des XIV^e et XV^e siècles ont certes travaillé accroître leurs ressources pour renforcer leur administration et leur armée Leurs moyens étaient pourtant trop faibles encore Un État solide ne pouvait naître que de l'accord d'un prince et d'un peuple Le peuple cherchait la justice et la paix Le prince devait le convaincre qu'il était assez fort pour les lui donner et qu'il tenait bon droit son pouvoir de Dieu Autant et plus que la contrainte des institutions la propagande du prince et les convictions des sujets assuraient la solidité de l'État **Le Mésolithique en Haute-Normandie (France)** Bénédicte Souffi, 2004 *The Mesolithic is regarded as a period of transition and in recent years a series of notable sites have been discovered in France that have begun to elucidate the nature and timing of that transition This study begins by introducing the Mesolithic north of the Loire and the new sites and discoveries that have improved our understanding of the period before moving on to the site of Acquigny l'Onclas This open air site which was excavated in the 1980s highlights some of the problems in excavating such sites and after considering taphonomic and dating problems Souffi describes the nature of occupation at this site Study of the lithic assemblage alongside dating evidence helps to define the nature of occupation at Acquigny specifically whether it was single of successive and what this tells us about the Mesolithic in the region as a whole* French text **Bulletin de la Société préhistorique française** Société préhistorique française, 2006
