Ralph Miller Spanning The Game:

Ralph Miller-- Spanning the Game Ralph Miller, Bud Withers, 1990 Miller a winning basketball coach teams up with Bud Withers to tell the story of his basketball life **Oregon Sports Stories** Bob Robinson, 2013-07-30 Oregon has its share of playmakers dramatic finishes and legendary coaches With humor and insight Oregon native and longtime sportswriter Bob Robinson relates highlights from six decades of coverage throughout the state Blazermania overruns the Rose City as the Trail Blazers take down the favored Philadelphia 76ers in 1977 Oregon State's Orange Express coached by Ralph Miller captivates the state in 1981 before a shocking stumble in the NCAA playoffs University of Oregon's Bill Dellinger kickstarts the school's distance running tradition with a stunning win in 1954 In the 1970s Mouse Davis performs coaching magic at Portland State with his Run and Shoot football offense In these twenty essays Robinson offers a unique behind the scenes account of some of Oregon's greatest sports moments and game changing personalities Phog Scott Morrow

Johnson, 2019-11-01 Remembered in name but underappreciated in legacy Forrest Phog Allen arguably influenced the game of basketball more than anyone else In the first half of the twentieth century Allen took basketball from a gentlemanly indoor recreational pastime to the competitive game that would become a worldwide sport Succeeding James Naismith as the University of Kansas's basketball coach in 1907 Allen led the Jayhawks for thirty nine seasons and holds the record for most wins at that school with 590 He also helped create the NCAA tournament and brought basketball to the Olympics Allen changed the way the game is played coached marketed and presented Scott Morrow Johnson reveals Allen as a master recruiter a transformative coach and a visionary basketball mind Adolph Rupp Dean Smith Wilt Chamberlain and many others benefited from Allen's knowledge of and passion for the game But Johnson also delves into Allen's occasionally tumultuous relationships with Naismith the NCAA and University of Kansas administrators Phog The Most Influential Man in Basketball chronicles this complex man's life telling for the first time the full story of the man whose name is synonymous with Kansas basketball and with the game itself **Rise and Fire** Shawn Fury, 2016-02-23 Sportswriter Shawn Fury's *Rise and Fire The Origins Science and Evolution of the Jump Shot* presents an exploration of the play that revolutionized basketball and provided the greatest moments in the sport's history from Michael Jordan's legacy defining jumpers to Ray Allen's mastery and more It's hard to believe that there was a time when the jump shot didn't exist in basketball When the sport was invented in 1891 players would take set shots with both feet firmly planted on the ground Defenders controlled the sport the pace was slower and games would frequently end with scores fit for a football field It took almost forty years before players began shooting jump shots of any kind and sixty five years before it became a common sight When the first jump shooting pioneers left the ground they rose not only above their defenders but also above the sport's conventions The jump shot created a soaring offense infectious excitement loyal fans and legends Basketball would never be the same *Rise and Fire* celebrates this crucial shot while tracing the history of how it revolutionized the game shedding light on all corners of the

basketball world from NBA arenas to the playgrounds of New York City and the barns of Indiana Award winning journalist Shawn Fury obsesses over the jump shot explores its fundamentals puzzles over its complexities marvels at its simplicity and honors those who created some of basketball's greatest moments Part history part travelogue and part memoir Rise and Fire bounces from the dirt courts of the 1930s to today's NBA courts and state of the art shooting labs examining everything from how nets and rims affect a shooter to rivalries between shooting coaches to how the three pointer came to rule the game Impeccably researched and engaging the book features interviews and profiles of legendary figures like Jerry West Bob McAdoo Ray Allen and Denise Long the first woman ever drafted by the NBA plus dozens more revealing the evolution of the shot over time Analyzing the techniques and reliving some of the most unforgettable plays from the greats Fury creates a technical personal historical and even spiritual examination of the shot This is not a dry how to textbook of basketball mechanics it is a lively tour of basketball history and a love letter to the sport and the shot that changed it forever *Best in the Game* Dave Molinari,1992 Tells the story of how the Penguins overcame obstacles and tragedy to win two straight Stanley Cup Championships **PNLA Quarterly** Pacific Northwest Library Association,1991 Directions ,1991
