Blueswomen Anna Stong Bourgeois, 1996 While much has been written over the years about male blues singers of the first half of the 20th century, little attention has been paid to blueswomen. These women used their songs to proclaim their pain or to speak up and protest unfair conditions and discrimination. Through their songs they expressed a desire for freedom and equality in a time when women were almost universally subjugated. The 37 women profiled here are representative of the many blueswomen who performed in the United States through the end of World War II. Some are well known, e.g. Lucille Bogan and Sippie Wallace, but many are obscure, such as Lil Johnson, Liza Brown and Margaret Whitmire. Biographical profiles are followed by a sampling of the performers' lyrics. **Reading Country Music** Cecelia Tichi, 1998 With its steel guitars, Opry stars and honky-tonk bars, country music is an American original. The most popular music in America today, it is also big business. Amazing then that country music has been so little studied by critics given its predominance in American culture. *Reading Country Music* acknowledges the significance of country music as part of an authentic American heritage and turns a loving critical eye toward understanding the sweep of this peculiarly American phenomenon. Bringing together a wide range of scholars and critics from literature, communications, history, sociology, art and music, this anthology looks at everything from the inner workings of the country music industry to the iconography of certain stars to the development of distinctive styles within the country music genre. Essays include a look at the shift from hard-core to soft-shell country music in recent years, Johnny Cash as lesbian icon, gender, class and region in Dolly Parton's star image and bluegrass's gothic tradition. Originally published as a special issue of *South Atlantic Quarterly*, this expanded book edition includes new articles on the spirituality of Willie Nelson, the legacy and tradition of stringed music and the revival of Stephen Foster's blackface musical among others.
