Randall Jarrell And His Age:

Randall Jarrell and His Age Stephen Burt, 2005-06-14 Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan's surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles

Poetry and the Age Randall Jarrell, 1953 Reading the Middle Generation Anew Eric Haralson, 2006-04 Ten original essays by advanced scholars and well published poets address the middle generation of American poets including the familiar Robert Lowell Elizabeth Bishop Randall Jarrell and John Berryman and various important contemporaries Delmore Schwartz Theodore Roethke Robert Hayden and Lorine Niedecker This was a famously troubled cohort of writers for reasons both personal and cultural and collectively their poems give us powerful moving insights into American social life in the transforming decades of the 1940s through the 1960s In addition to having worked during the broad middle of the last century these poets constitute the center of twentieth century American poetry in the larger sense refuting invidious connotations of middle as coming after the great moderns and being superseded by a proliferating postmodern experimentation This middle generation mediates the so called American century and its prodigious body of poetry even as it complicates historical and aesthetic categorizations Taking diverse formal and thematic angles on these poets biographical historical deconstructionist and more formalist accounts this book re-examines their betweenness and ambivalence their various positionings and repositionings in aesthetic political and personal matters The essays study the interplay between these writers and such shifting formations as religious discourse consumerism militarism and war the ideology of America as nature's nation and U.S. race relations and ethnic conflicts Reading the Middle Generation Anew also shows the legacy of the middle generation the ways in which their lives and writings continue to be a shaping force in American poetry This fresh and invigorating collection will be of great interest to literary scholars and poets

Affect, Psychoanalysis, and American Poetry John Steen, 2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self-referential textual objects Affect Psychoanalysis and American Poetry challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid-century poets Randall Jarrell Robert

Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory Affect Psychoanalysis and American Poetry finds poetry's singularity in its unique capacity to represent anew the transmissible relational and uncontainable valences of feeling that structure and destabilize social life

Modern Poetry after Modernism James Longenbach, 1997-11-27 In this book James Longenbach develops a fresh approach to major American poetry after modernism Rethinking the influential breakthrough narrative the oft told story of postmodern poets throwing off their modernist shackles in the 1950s Longenbach offers a more nuanced perspective Reading a diverse range of poets John Ashbery Elizabeth Bishop Amy Clampitt Jorie Graham Richard Howard Randall Jarrell Robert Lowell Robert Pinsky and Richard Wilbur Longenbach reveals that American poets since mid century have not so much disowned their modernist past as extended elements of modernism that other readers have suppressed or neglected to see In the process Longenbach allows readers to experience the wide variety of poetries written in our time without asking us to choose between them

His Other Half Wendy Lesser, 1992 Wendy Lesser counters the reigning belief that male artists inevitably misrepresent women She builds this case through inquiry into many unexpected and germane subjects Marilyn Monroe's walk for instance or the dwarf manicurist Miss Mowcher in David Copperfield or the shoulder blades of Degas bathers Placing such particulars within the framework of Plato's myth of the divided beings and psychoanalytic concepts of narcissism Lesser sets out before the reader an art that responds to and even attempts to overcome division

The Oxford Handbook of Children's Literature Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched the essays consider a wide range of texts from the U S Britain and Canada and take a variety of theoretical approaches including formalism and Marxism and those related to psychology postcolonialism reception feminism queer studies and performance studies This collection pushes boundaries of genre notions of childhood

Randall Jarrell's Letters Randall Jarrell, 1985 In this expanded edition of Randall Jarrell's letters his widow Mary has added letters from Jarrell to Peter Taylor publication of which was withheld during Taylor's lifetime Taylor was along with Robert Lowell Jarrell's oldest and closest friend and the inclusion of these incomparable letters adds another dimension of friendship artistry and intellect to a collection already noted for its behind the scenes glimpse of twentieth century American literary history in the making

Randall Jarrell on W. H. Auden Stephanie Burt, 1982 To read Randall Jarrell on W H Auden is to read the best equipped of American critics of poetry of the past century on the best equipped of its Anglo American poets and we rush to read perhaps less out of an academic interest in fair judgment than out of a spectator's love of virtuosity in flight From Adam Gopnik's foreword Randall Jarrell was one of the most important poet critics of the past century and the poet who most fascinated and infuriated him was W H Auden In Auden Jarrell found a crucial poetic influence that needed to

be both embraced and resisted During the 1940s Jarrell wrestled with Auden's work writing a series of notorious articles on Auden that remain admired and controversial examples of devoted and contentious criticism While Jarrell never completed his proposed book on Auden these previously unpublished lectures revise and reprise his earlier articles and present new insights into Auden's work Delivered at Princeton University in 1951 and 1952 Jarrell's lectures reflect a passionate appreciation of Auden's work a witty attack from an informed opponent and an important document of a major poet's reception Jarrell's lectures offer readings of many of Auden's works including all of his long poems and illuminate his singular use of a variety of stylistic registers and poetic genres In the lecture based on the article *Freud to Paul* Jarrell traces the ideas and ideologies that animated and at times overwhelmed Auden's poetry More precisely he considers the influence of left liberal politics psychoanalytic and evolutionary theory and the idiosyncratic Christian theology that characterized Auden's poems of the 1940s While an admiring and sympathetic reader Jarrell does not avoid identifying Auden's poetic failures and political excesses He offers occasionally blistering assessments of individual poems and laments Auden's turn from a cryptic feeling impassioned poet to a rhetorical self-conscious one Stephen Burt's introduction provides a backdrop to the lectures and their reception and importance for the history of modern poetry The New Leader, 1953 **ARTnews**, 1953 **Contemporary Authors** Lisa Kumar, 2004-06 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers Aspekte und Aufgaben der Literaturdidaktik in Hochschule und Schule, 1974 **Twentieth-century Literary Criticism** Gale Research Company, 2006 Excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900-1960 **Contemporary Literary Criticism** Daniel G.
