*Rashi's Torah Commentary* Pinhas Doron, 2000-07 The present volume concentrates entirely on developing the general ideas and moral lessons inherent in Rashi's direct comments which are generally just alluded to by Rashi himself

**BOOK JACKET** **Rashi's Torah Commentary** Pinhas Doron, 2000-07 The present volume concentrates entirely on developing the general ideas and moral lessons inherent in Rashi's direct comments which are generally just alluded to by Rashi himself

**BOOK JACKET** *Creation and Chaos* JoAnn Scurlock, Richard H. Beal, 2013-10-21 Hermann Gunkel was a scholar in the generation of the origins of Assyriology the spectacular discovery by George Smith of fragments of the Chaldean Genesis and the Babel Bibel debate Gunkel's thesis inspired by materials supplied to him by the Assyriologist Heinrich Zimmern was to take the Chaaskampf motif of Revelation as an event that would not only occur at the end of the world but had already happened at the beginning before Creation In other words in this theory one imagines God in Genesis 1 as first having battled Rahab Leviathan and Yam the forces of Chaos in a grand battle and only then beginning to create The problem with Gunkel's theory is that it did not simply identify common elements in the mythologies of the ancient Near East but imposed upon them a structure dictating the relationships between the elements a structure that was based on inadequate knowledge and a forced interpretation of his sources On the other hand one is not entitled to insist that there was no cultural conversation among peoples who spent the better part of several millennia trading with fighting and conquering one another

*Creation and Chaos* attempts to address some of these issues The contributions are organized into five sections that address various aspects of the issues raised by Gunkel's theories [Religious Influences on Health and Well-Being in the Elderly](#) K. Warner Schaie, PhD, Neal Krause, PhD, Alan Booth, PhD, 2004-06-15 What makes the book's approach so captivating is that each chapter is written by a different researcher in the study of religion and health These researchers are responsible for significant portions of the existing literature and methodologies found in this field today The versatility of the book warrants special mention It is effective as a survey of work that has already been done on this topic At the same time it serves as a wellspring of ideas for new research This work makes a valuable contribution to the present understanding of research on religion and health It also serves as a road map to help chart directions for future endeavors in the field

*Sociology of Religion* This volume focuses on the ways in which religious institutions religious practices and religious organizations impact the health and well being of older persons Topics examined include the conceptualization and measurement of religion in late life the relationship between religious coping and possible stress reduction the role of forgiveness as an alternate mediator how social class gender and race can influence the specific effect of religion and religious institutions in a diverse aging society Contributors include L Chatters K Ferraro L K George E Idler S McFadden and K Meador

**The Torah and the Stoics on humankind and nature** J.J. Boersema, 2021-09-06 The environmental problematique is intimately bound up with deep seated human attitudes regarding our relationship with nature Here in the west those attitudes have been shaped to no small

degree by the canonical texts of the Bible and the classical philosophers In this book the author re examines some of these seminal texts arguing that what we today know as Christian cosmology is in fact a grafting of classical Greek philosophy onto ancient Israelite thought with certain valuable traditions being all but lost in the process The dietary laws of Leviticus and Deuteronomy in particular still prove surprisingly relevant today Often misread on this point the creation narratives of Genesis can likewise serve as a rich point of departure for examining our attitudes towards the natural world A reappraisal of these sources is necessary and feasible There is no need for an appeal to cosmologies alien to our own culture nor for recourse to New Age beliefs in all their variety      *Exodus Through the Centuries* Scott M. Langston, 2013-04-11 This bible commentary looks at how Exodus has influenced and has been influenced by history religion politics the arts and other forms of culture over the ages A bible commentary tracing the reception history of Exodus from Old Testament times through the Patristic and Reformation periods to the present day Considers the ways in which Exodus has influenced and has been influenced by history religion politics the arts and other forms of culture in Jewish Christian and secular settings Looks at how Exodus has served as a tool of liberation and tyranny in a variety of settings Shows how Exodus has been used to shape the identities of individuals and groups Discusses the works of current and past poets musicians film makers authors and artists influenced by Exodus Addresses uses of Exodus related to American and European history such as the Glorious Revolution colonialism the American Revolution Civil War Civil Rights Movement African Americans and Native Americans as well as uses by prominent and little known historical figures Considers the impact of the Ten Commandments and other laws in legal political and religious contexts The Blackwell Bible Commentary series is supported by a website at [www.bbibcomm.net](http://www.bbibcomm.net)      *Rashi's Commentary* Pinhas Doron, 2000      **Jewish Book World** , 2000      *Ancient Texts for New Testament Studies* Craig A. Evans, 2005 One of the daunting challenges facing the New Testament interpreter is achieving familiarity with the immense corpus of Greco Roman Jewish and pagan primary source materials From the Paraphrase of Shem to Pesiqta Rabbati scholars and students alike must have a fundamental understanding of these documents content provenance and place in NT interpretation But achieving even an elementary facility with this literature often requires years of experience or a photographic memory Evans s dexterous survey a thoroughly revised and significantly expanded edition of his *Noncanonical Writings and New Testament Interpretation* amasses the requisite details of date language text translation and general bibliography Evans also evaluates the materials relevance for interpreting the NT The vast range of literature examined includes the Old Testament apocrypha the Old Testament pseudepigrapha the Dead Sea Scrolls assorted ancient translations of the Old Testament and the Targum paraphrases Philo and Josephus the New Testament pseudepigrapha the early church fathers various gnostic writings and more the NT and a comparison of Jesus parables with those of the rabbis will further save the interpreter precious time      *American Book Publishing Record* R.R.
