[Parallel Database Systems](#) Pierre America, 1991-06-26 This volume presents the proceedings of a workshop on parallel database systems organized by the PRISMA Parallel Inference and Storage Machine project The invited contributions by internationally recognized experts give a thorough survey of several aspects of parallel database systems The second part of the volume gives an in depth overview of the PRISMA system This system is based on a parallel machine where the individual processors each have their own local memory and communicate with each other over a packet switched network On this machine a parallel object oriented programming language POOL X has been implemented which provides dedicated support for database systems as

well as general facilities for parallel programming The POOL X system then serves as a platform for a complete relational main memory database management system which uses the parallelism of the machine to speed up significantly the execution of database queries The presentation of the PRISMA system together with the invited papers gives a broad overview of the state of the art in parallel database systems

### **Posthumanism and Latin(x) American Science Fiction**

Antonio Córdoba, Emily A. Maguire, 2022-11-23 This volume explores how Latin American and Latinx creators have engaged science fiction to explore posthumanist thought Contributors reflect on how Latin American and Latinx speculative art conceptualizes the operations of other non human forms of agency and engages in environmentalist theory in ways that are estranging and open to new forms of species companionship Essays cover literature film TV shows and music grouped in three sections Posthumanist Subjects examines Latin x American iterations of some of the most common figurations of the posthuman such as the cyborg and virtual environments and selves Slow Violence and Environmental Threats understands that posthumanist meditations in the hemisphere take place in a material and cultural context shaped by the catastrophic destruction of the environment the chapters in Posthumanist Others shows how the reimagination of the self and the world that posthumanism offers may be an opportunity to break the hold that oppressive systems have over the ways in which societies are constructed and governed
